### Canada Welcomes New Cut in Taxes

### Sales and Luxury Levies, However, to Continue Indefinitely

Ottawa, April 30 (AP)—Most Canadians greeted with enthusiasm today news that the projected 1947-1948 federal budget would trim their income taxes an average of 29 per cent, but expressed disappointment that sales and luxury taxes would remain unchanged.

Some labor officials were critical of the fact that the new budget—which calls for expenditure of \$2,002,000,000 in the new fiscal year—proposes removal of the excess profits tax and maintained that if that levy could be removed lower bracket income taxes should have been eliminated entirely.

Galleries of the House of Commons were jammed last night when Finance Minister D. C. Abbott presented the budget, and members on the liberal government side applauded the announcement of the federal income tax reductions by banging loudly on their desks.

James M. MacDonnell, Progressive Conservative party representative from Muskoka, Ont., voiced the official opposition's views in a short speech in which he described a \$352,144,000 surplus announced by Abbott as "very bad budgeting."

The minister should not ask us to be so grateful because he has taken several hundred million dollars of our money more than we needed to take," MacDonnell said.

The finance minister said the surplus, first since 1930, compared with a deficit of \$2,123,043,000 in 1945-46 and would be applied against Canada's \$13,000,000,000 debt. He said the surplus reflected the fact that the Dominion is "enjoying a degree of prosperity never exceeded in living memory."

Opposition leaders were quick to point out that Canada's sales tax of eight per cent still applies to all but such basic commodities as food and farm implements as do the luxury taxes, ranging up to 25 per cent, on tobacco and liquor.

### Arkansas, Missouri and Iowa Are Affected; A Witness Describes the Devastation in Areas as Great as Texas City Havoc

Worth, Mo., April 30 (AP)—Tornado winds whipped through small towns in Arkansas, Missouri and Iowa leaving at least 20 dead today, injuring more than 50 and causing thousands of dollars in property damage.

Hardest hit was this northwest Missouri town with a population of 233. Thirteen persons were killed and approximately 45 injured. Only half a dozen buildings in the town were left standing.

At least seven persons were killed in Arkansas, where vicious winds last night lashed the small community of Bright Water and swept close to Garfield, not far from the Missouri line.

A tornado also struck Clio, a town of about 200 population, in southwestern Iowa, causing extensive property damage. No loss of life was reported, however.

The tornado that hit Worth swept through the center of the town wiping out the entire business district. Two of the town's three churches and its brick schoolhouse were among the buildings demolished. Practically every tree in town was clipped off.

**Town in Darkness**

The community was in darkness until late last night when a mobile generator arrived from a neighboring town. Both the Salvation Army and the Red Cross set up stations, and homeless were being cared for in the few remaining residences still standing.

Al Dopking, Associated Press reporter who also covered the recent Texas City, Tex., explosion disaster, described the devastation here as greater proportionately than that at the Texas town.

"There simply isn't anything left standing except a few homes left standing except a few homes at the south edge of town which the storm missed," Dopking said.

"The center of town is wiped bare except for splintered wood, bricks and other debris."

N. A. Combs, a Worth mail carrier, said he doubted if the community would be rebuilt.

Mrs. N. A. Combs, 59 years old, a nurse, said she first saw the tornado high in the air.

"It had a long tail," she said. "When it hit the ground there was a swirling dark cloud. The point seemed to broaden and sweep everything before it. There was a terrifying roar."

Mr. and Mrs. Bruce Pickering arrived shortly after the tornado hit and found their two children, Irene and Melvin, and Mrs. Pickering's mother, dead in the ruins of their home.

"Everything we had is gone—the children, the home, the livestock, everything," said Pickering.

The couple had just returned from nearby Grant City when they saw the storm sweep into Worth.

## Lewis Will Start New Coal Talks

### Mine Owners' Group Sees Industry-Wide Coal Bargaining as Impractical

### Fight Is Probable

### Coal Union May Try to Wean Away Operators in Association

Washington, April 30 (AP)—John L. Lewis began a new contract fight today with one third of the soft coal industry determined to block another nationwide wage agreement.

The powerful Southern Coal Producers Association served notice at government-sponsored preliminary talks yesterday that while it is eager to make a contract with Lewis separately, industry-wide bargaining is "impractical and undesirable" from the standpoint of its members.

The Southerners moved a 10 cent an hour wage differential until 1941 and, generally speaking, hope to make fewer concessions this year than some of the other operator groups have indicated they may be willing to grant Lewis.

The mine leader's move was to challenge, in effect, the tonnage behind each of the operators lined up against a national agreement.

He demanded to know how much bituminous coal was produced by each of the 32 producer groups represented at the preliminary session.

Lewis' demand led to a recess in the discussions until later this afternoon.

After that session, the United Mine Workers chief planned to meet with his 200-Man Policy Committee, which he summoned formally for the first time since his present contract with the government was ratified last May and the 59-day spring strike.

Lewis and his policy committee will decide, on the basis of the tonnage figures presented at the meeting with the operators today, whether to:

1. Try to wean away some of the many operator groups which make up the Southern Coal Producers Association. By trimming the number of operators opposed to a national contract, the threat of a strike against the remainder might be more serious from a competitive standpoint.

2. Go ahead and bargain separately with the Northern Appalachian, Midwestern and Far Western groups—two thirds of the industry—on one hand, and with the Southern Association on the other.

3. Ignore the south and come to terms with the remainder of the industry. This would mean a strike in the southern coal fields July 1, and would allow Lewis to exert more pressure on the Southerners to give him the same contract as the Northern Appalachian and other organizations.

Reports of a snow-balling effort to raise a defense fund indicated yesterday that Mrs. Rosalie Tilt, comely 42-year old Red Hook mother would have the best defense possible when she is tried on a first or second degree murder charge growing out of the alleged slaying of her husband, Clarence B. Tilt, in his Red Hook gas station last Saturday night.

Red Hook women friends of Mrs. Tilt were reported to have joined former Manchester Road, Dutchess county, neighbors of the accused first degree murderess in a plan to raise money to save her from the electric chair or even imprisonment.

Richard F. Russell, Poughkeepsie attorney, who represented Mrs. Tilt in preparation of a separation agreement, vowed yesterday that "the best counsel obtainable" would be provided for Mrs. Tilt if the drive to raise funds bore sufficient fruits.

Meanwhile, Mrs. Tilt languished in the Dutchess county jail awaiting action of the grand jury. Apprised in her jail cell of the spontaneous reaction among her friends and neighbors to defend her, Mrs. Tilt declared she was "most grateful" for their efforts,

## 15,300 Vaccinated In Ulster County

In what apparently is an all time record for mass vaccination at public clinics in the county since the outbreak of several cases of the disease in New York city. The 15,300 persons vaccinated were immunized at clinics held in every town of the county and the city of Kingston under the sponsorship of the County Department of Health. The figure does not include vaccinations done by private physicians in the home, at the office, nor the school children immunized at the Kingston city school clinics and by Dr. Rosenstock in the Ellenville school system.

When complete figures are in to the County Department of Health the final total will be several thousand greater than now reported. The final results at two clinics held this week in the town of Hardenbergh are not included in the figures available now.

Since the program of immunization began at least one clinic has been held in every township of the county.

With the majority of the people now immunized, the special public clinics for smallpox vaccinations will be discontinued, and smallpox vaccinations will be administered at the regular general immunization clinics. In Kingston the next general clinic will be held tomorrow at the Health Center on East O'Reilly street from 4 to 6 p. m.

Beginning Monday, May 12, and each Monday thereafter, the regular weekly immunization clinics will be resumed from 4 to 6 o'clock when general immunizations will be given at the city health center. Smallpox vaccinations will be administered at these regular weekly clinics as well as diphtheria inoculations and other immunizations.

Kingston city schools have been completed with the exception of two kindergartens which have a total of about 30 children and they will be done tomorrow, Dr. H. A. Keator, director of the school medical department, said today. While a complete figure is not yet compiled, the number of students in the Kingston schools vaccinated will number over 3,500, or about 60 per cent of the school population. There were 3,479 consents given by parents for vaccinations, and there were others from whom no consent was required.

Figures, not yet complete, indicate the public clinic vaccinations in the county to be as follows:

City of Kingston, 4,520, exclusive of school clinics; Denning, 74; Esopus, 423; Gardiner, 224; Hardenbergh, not reported; Hurley, 386; Town of Kingston, 35; Lloyd, 607; Marbletown, 229; Mohorrough, 1,259; New Paltz, 830; Olive, 110; Plattekill, 621; Rochester, 250; Rosendale, 203; Saugerties, 1,150; Shandaken, 627; Shawangunk, 566. **Commerce Official Sees Joblessness In Truman Plea**

Washington, April 30 (AP)—An official of the U. S. Chamber of Commerce suggested today that President Truman's plea for lower prices may produce joblessness and recession instead of preventing them.

William S. Street, chairman of the Chamber's Economic Policy Committee, cautioned business to be watchful lest the White House call "result in wholesale cancellations of commitments both by business and the consumer."

The Seattle merchant suggested that "unemployment might be caused 'by the action now taken to attempt to prevent it.'"

"Such can be the result of failing to give our economy time to work out of its wartime dislocation by the free enterprise method," he said in a speech prepared for a luncheon gathering at the Chamber's 35th annual convention.

"The consumers prior to the President's announcement had already indicated their dissatisfaction with some of the values represented in some markets. It seems to me that a sound price adjustment was on its way to be worked out."

Street said he is "not hopeful" that industry generally will cut prices "unless at the same time there is a commitment on the part of labor that they will hold the line during the period such price cutting will require before stability is achieved."

Demands for tax cuts, debt reduction and a more efficient government were voiced earlier in the day by others on the convention program.

These speakers—a banker, an industrialist and a university educator—sounded the theme that continued high taxes will block peace-time prosperity by discouraging business expansion.

The 1948 federal budget of \$37,500,000,000 proposed by President Truman was termed "clearly a budget of control," asserted W. Randolph Burgess, vice chairman.

## Vets' Checks Late; Funds Are Lacking

Washington, April 30 (AP)—The Veterans Administration today held up for lack of funds the monthly checks due 2,780,000 veterans receiving unemployment or educational allowances.

The agency said it expects to be able to mail the money "within a few days," when a pending appropriation bill clears Congress.

The delayed checks are for 1,120,000 veterans entitled to \$20 a week while unemployed and another 1,660,000 going to school or taking on-the-job training, who get \$65 a month if single or \$90 if married. The two types of payments have been averaging a total of \$260,000,000 a month.

**House Cuts Relief Aid Abroad About Half of Request**

Washington, April 30 (AP)—The House passed a \$200,000,000 foreign relief bill today after cutting \$150,000,000 off the sum asked by the administration and clamping tight conditions on aid going to countries under Russian domination.

Final passage came on a roll call vote of 333 to 66.

The measure now goes to the Senate where the Foreign Relations Committee already has approved the full \$350,000,000 figure.

Final passage came after the House shouted down a motion by Rep. O'Konski (R-Wisc.) to return the bill to committee.

The House already had voted to trim the funds and fix distribution standards where Moscow might be involved.

The restriction would deny relief assistance to "those countries whose governments are dominated by the Union of Soviet Socialist Republics" unless they agree to American control of the supplies.

The restrictions were first ordered Tuesday in an outbreak of protests against the activities of Russia within the countries on her borders.

**Six Nations Eligible**

The action confirming the 43 per cent cut in the relief fund, also tentatively voted yesterday, came on a roll call vote of 225 to 165.

The provision to place tight conditions on relief for Russian-dominated nations was adopted on a roll call vote of 324 to 75.

The House decided yesterday over the objections of the State Department to name definitely the countries which will be eligible for the aid—if they meet a variety of other conditions in the measure.

They are: Italy, Greece, Hungary, Austria, Poland and China. Bitter protests against Russian activities in countries on her borders dominated the debate. It ranged from an open declaration by Rep. Rankin (D-Miss.), that relations with the Soviet Union should be severed to more moderate pleas against "financing Communism."

Against this outbreak, Eaton and Rep. Bloom (D-N. Y.), ranking minority member on the House foreign affairs committee, counseled restraint against putting relief on a political basis. Both argued that denial of relief would help rather than harm the cause of Communism.

**To Buy Relief Supplies Here**

Out of the argument came these additional amendments which were left unchanged when the House completed debate:

Creation of the post of foreign relief administrator to supervise the program, rather than leaving it under the State Department.

A requirement that at least 90 per cent of the relief supplies be bought in the United States.

A provision earmarking up to \$15,000,000 of the fund for the United Nations Children's Emergency Fund.

A condition forcing countries getting the aid to set up a separate fund into which proceeds from the sale of American supplies would be poured. This fund of local currency, in turn, would be earmarked for strictly relief purchases.

A ban against sending relief to countries paying reparations from current productions. Rep. Lodge (R-Conn.), its author, acknowledged that it was designed to block Senate ratification of the peace treaty for Hungary. That Continued on Page Seven

## 43,000 Are Involved; Not NFTW

### Action Raises Optimism in Federal Conciliators to End Whole Strike Soon as Possible

### Was Begun April 7

### Beirne Calls Move Sign Company Opposition Is Crumbling

Washington, April 30 (AP)—Five unions of 43,000 telephone workers in New York and Pennsylvania called off strikes today, accepting contracts for wage increases of \$3 to \$4 a week.

None is affiliated with the National Federation of Telephone Workers—which called the nationwide tie-up April 7—but their actions aroused optimism among government labor conciliators for an early end to the strike of 300,000 N.F.T.W. unionists.

Joseph A. Beirne, president of the N.F.T.W., said that it showed the Bell Telephone System's "solid wall of opposition to wage increases is crumbling."

He made that comment in a statement as negotiations were resumed here aimed at bringing about a national settlement.

Beirne added that the N.F.T.W.'s 39 unions "will maintain our picket lines until our entire dispute is settled."

A \$6 weekly wage increase was the chief demand made by the New York and Pennsylvania unions as it is with the N.F.T.W.

**Four in New York**

Four of these unions are in the New York city metropolitan area. It was announced that the agreement they reached provides:

Ending of the strike today; A general \$4 weekly wage increase effective tomorrow; maintenance of union dues for members beginning tomorrow; an extra day of vacation for a holiday falling during vacation period plus "improved one-week vacation treatment."

No discrimination by either party for strike or non-strike activities; fringe issues to be negotiated at departmental levels; either party may reopen the wage question once during the one-year lifetime of the agreement.

The settlement in Pennsylvania was reached by a union with 6,000 maintenance workers. It agreed to \$3 weekly wage increases for workers getting less than \$51 and \$4 for those now making over \$51.

A big question left by the agreements was whether the members of these unions would respect picket lines of the N.F.T.W. workers still on strike.

N.F.T.W. officials said they expected the independent unionists to do so. But some government labor conciliators took the view that the agreements provided for a return to work and hence the Independents would feel bound by that.

**Calls Move "Sell-Out"**

Frank J. Fitzsimmons, president of the Western Electric Employees' Association, (a telephone affiliate) asserted that the New York-Pennsylvania agreements represented a "sell out of fellow telephone workers," adding:

"There will be no settlement under \$6 as far as we are concerned. Telephone workers can't live on \$3 and \$4 increases when the rest of the country is getting \$6."

Fitzsimmons and Henry Mayer, attorney for a group of telephone unions, said they do not believe the rank and file members in New York would ratify the settlement there.

"I don't understand why they signed for that figure unless leaders were pushed into something," Mayer said.

Beirne said picket lines will be continued even in cities where non-N.F.T.W. unions make settlements, as in New York and Pennsylvania, and "we expect

## Funds Are Being Raised For Mrs. Tilt's Defense

Reports of a snow-balling effort to raise a defense fund indicated yesterday that Mrs. Rosalie Tilt, 42-year-old Red Hook woman, would have the best defense possible when she is tried on a first or second degree murder charge growing out of the alleged slaying of her husband, Clarence E. Red Hook women friends of Mrs. Tilt were reported to have joined former Manchester Road, Dutchess county, neighbors of the accused first degree murderess in a plan to raise money to save her from the electric chair or even imprisonment.

Meanwhile, Mrs. Tilt languished in the Dutchess county jail awaiting action of the grand jury. Appraised in her jail cell of the spontaneous reaction among her friends and neighbors to defend her, Mrs. Tilt declared she was "most grateful" for their efforts.

Mr. Russell said Assistant District Attorney Gray meanwhile began gathering up aids of the investigation which he has been conducting with his assistants and the New York State Police. He declined to say whether he could ask a jury to send Mrs. Tilt to the electric chair for the slaying, but he added he would make known his feeling on the matter "after the grand jury reports its indictment."

"I have no comment until the facts are presented to the grand jury," Mr. Grady said. He indicated an indictment either for first or second degree murder would be sought.

Asked yesterday if there were two empty shells in the revolver which authorities charge Mrs. Tilt used to shoot her husband through the back of the head as he sat at his office desk, Mr. Grady said, "one bullet passed through his head. Apparently only one shot was fired."

Mrs. Tilt, who was reported to have left the Springfield, L. I., home of Mr. Tilt's brother, Richard Tilt and family last Saturday to go to Red Hook to see her husband, was reported composed but still somewhat shocked at the Dutchess county jail.

William S. Street, chairman of the Chamber's Economic Policy Committee, cautioned business to be watchful lest the White House "result in wholesale cancellations of commitments both by business and the consumer."

The Seattle merchant suggested that "unemployment might be caused by the action now taken to attempt to prevent it."

"Such can be the result of failing to give our economy time to work out of its wartime dislocation by the free enterprise method," he said in a speech prepared for a luncheon gathering at the Chamber's 35th annual convention.

The consumers prior to the President's announcement had already indicated their dissatisfaction with some of the values represented in some markets. It seems to me that a sound price adjustment was on its way to be worked out."

Street said he is "not hopeful" that industry generally will cut prices "unless at the same time there is a commitment on the part of labor that they will hold the line during the period such price cutting will require before stability is achieved."

Demands for tax cuts, debt reduction and a more efficient government were voiced earlier in the day by others on the convention program.

Three speakers—a banker, an industrialist and a university educator—sounded the theme that continued high taxes will block postwar prosperity by discouraging business expansion.

The 1948 federal budget of \$37,500,000,000 proposed by President Truman was termed "clearly a budget out of control," asserted W. Randolph Burgess, vice chairman.

Commerce Official Sees Joblessness In Truman Plea

Washington, April 30 (AP)—An official of the U. S. Chamber of Commerce suggested today that President Truman's plea for lower prices may produce joblessness and recession instead of preventing them.

## Vets' Checks Late; Funds Are Lacking

Washington, April 30 (AP)—The Veterans Administration today held up for lack of funds the monthly checks due 2,780,000 veterans receiving unemployment or educational allowances.

The agency said it expects to be able to mail the money "within a few days" when a pending appropriation bill clears Congress.

The delayed checks are for 1,120,000 veterans entitled to \$20 a week while unemployed and another 1,660,000 going to school or taking on-the-job training, who get \$65 a month if single or \$90 if married. The two types of payments have been averaging a total of \$260,000,000 a month.

## House Cuts Relief Aid Abroad About Half of Request

Washington, April 30 (AP)—The House passed a \$200,000,000 foreign relief bill today after cutting \$150,000,000 off the sum asked by the administration and clamping tight conditions on aid going to countries under Russian domination.

Final passage came on a roll call vote of 333 to 66.

The measure now goes to the Senate where the Foreign Relations Committee already has approved the full \$350,000,000 figure.

Final passage came after the House shouted down a motion by Rep. O'Konski (R.-Wisc.) to return the bill to committee. The House already had voted to trim the funds and fix distribution standards where Moscow might be involved.

The restriction would deny relief assistance to "those countries whose governments are dominated by the Union of Soviet Socialist Republics" unless they agree to American control of the supplies.

The restrictions were first ordered tentatively yesterday in an outbreak of protests against the activities of Russia within the countries on her borders.

Six Nations Eligible

The action confirming the 43 per cent cut in the relief fund, also tentatively voted yesterday, came on a roll call vote of 225 to 165.

The provision to place tight conditions on relief for Russian-dominated nations was adopted on a roll call vote of 324 to 75.

The House decided yesterday over the objections of the State Department to name definitely the countries which will be eligible for the aid—if they meet a variety of other conditions in the measure. They are: Italy, Greece, Hungary, Austria, Poland and China.

Bitter protests against Russian activities in countries on her borders dominated the debate. It ranged from an open declaration by Rep. Rankin (D.-Miss.) that relations with the Soviet Union should be severed to more moderate pleas against "financing Communism."

Against this outbreak, Eaton and Rep. Bloom (D.-N. Y.), ranking minority member on the House foreign affairs committee, voiced restraint against putting relief on a political basis. Both argued that denial of relief would help rather than harm the cause of Communism.

To Buy Relief Supplies Here

Out of the argument came these additional amendments which were left unchanged when the House completed its vote: Creation of the post of foreign relief administrator to supervise the program, rather than leaving it under the State Department.

A requirement that at least 90 per cent of the relief supplies be bought in the United States.

A provision earmarking up to \$15,000,000 of the fund for the United Nations Children's Emergency Fund.

A condition forcing countries getting the aid to set up a separate fund into which proceeds from the sale of American supplies would be poured. This fund of local currency, in turn, would be earmarked for strictly relief purchases.

A ban against sending relief to countries paying reparations from current productions. Rep. Lodge (R.-Conn.), its author, acknowledged that it was designed to block Senate ratification of the peace treaty for Hungary. That Continued on Page Seven

## 43,000 Are Involved; Not NFTW

### Action Raises Optimism in Federal Conciliators to End Whole Strike Soon as Possible

### Was Begun April 7

### Beirne Calls Move Sign Company Opposition Is Crumbling

Washington, April 30 (AP)—Five unions of 43,000 telephone workers in New York and Pennsylvania called off strikes today, accepting contracts for wage increases of \$3 to \$4 a week.

None is affiliated with the National Federation of Telephone Workers—which called the nationwide tie-up April 7—but their actions aroused optimism among government labor conciliators for an early end to the strike of 300,000 N.F.T.W. unionists.

Joseph A. Beirne, president of the N.F.T.W., said that it showed the Bell Telephone System's "solid wall of opposition to wage increases is crumbling."

He made that comment in a statement as negotiations were resumed here aimed at bringing about a national settlement.

Beirne added that the N.F.T.W.'s 39 unions "will maintain our picket lines until our entire dispute is settled."

A \$6 weekly wage increase was the chief demand made by the New York and Pennsylvania unions as it is with the N.F.T.W.

Four in New York

Four of these unions are in the New York city metropolitan area. It was announced that the agreement they reached provided:

Ending of the strike today; A general \$4 weekly wage increase effective tomorrow; maintenance of union dues for members beginning tomorrow; an extra day of vacation for a holiday falling during vacation period plus "improved one-week vacation treatment."

No discrimination by either party for strike or non-strike activities; fringe issues to be negotiated at departmental levels; either party may reopen the wage question once during the one-year lifetime of the agreement.

The settlement in Pennsylvania was reached by a union with 6,000 maintenance workers. It agreed to \$3 weekly wage increases for workers as high as \$51 and \$4 for those now making over \$51.

A big question left by the agreements was whether the members of these unions would respect picket lines of the N.F.T.W. workers still on strike.

N.F.T.W. officials said they expected the independent unionists to do so. But some government labor conciliators took the view that the agreements provided for a return to work and hence the independent workers would feel bound by that.

Calix Move "Sell-Out"

Frank J. Fitzsimmons, president of the Western Electric Employees' Association, (a telephone affiliate) asserted that the New York-Pennsylvania agreements represented a "sell out of fellow telephone workers," adding:

"There will be no settlement under \$6 as far as we are concerned. Telephone workers can't live on \$3 and \$4 increases when the rest of the country is getting \$6."

Fitzsimmons and Henry Mayer, attorney for a group of telephone unions, said they do not believe the rank and file members in New York would ratify the settlement there.

"I don't understand why they signed for that figure unless leaders were pushed into something," Mayer said.

Beirne said picket lines will be continued even in cities where non-N.F.T.W. unions make settlements, as in New York and Pennsylvania, and "we expect Continued on Page Eighteen

Treasury Receipts

Washington, April 30 (AP)—The position of the Treasury April 28: Receipts \$85,644,370.98; expenditures \$119,947,926.01; balance \$4,280,709,802.93; customs receipts for month \$37,394,734.72; receipts fiscal year July 1-June 30, 1946: \$32,673,631,798.38; excess of receipts \$1,974,974,575.45; total debt \$257,710,466,328.92; increase over previous day \$29,545,344.70; gold assets \$20,713,512,923.84.

### No Free Fords for Rare Pennies Says Auto Official

A widespread rumor that the Ford Motor Company would give new Ford passenger automobiles to persons locating copper pennies minted during 1943 was officially denied today by C. J. Seyffer, the company's northeastern regional manager.

How, when, and where the rumor started, and by what strange method it has grown to almost national proportions is a complete mystery, according to Mr. Seyffer, but the company's Detroit and New York offices, its many Ford, Lincoln and Mercury dealerships, newspaper offices, and even the United States mint have been literally deluged with inquiries and requests for information and verification of the rumored offer.

Though the type and dates of the pennies supposedly requested by Ford vary, the most prevalent rumor suggests that anyone who can find a 1943 "copper" will be rewarded with a car. Even if the story were true, however, no one could possibly win the reward on that basis since there are absolutely no legitimate copper pennies in existence bearing that date, according to Mrs. Nellie Taylor Ross, director of the United States mint. Reached at her office in Wash-

ington, D. C., today, Mrs. Ross stated that all coining of copper pennies was discontinued in December of 1942 due to the critical need for copper for armaments and other vital war production work. The use of copper was not resumed until 1944, but during the interim period steel coated zinc pennies were produced. An ordinary copper penny is 95 per cent pure copper and 5 per cent zinc and tin alloy.

### Divine Celebrates His First Wedding Anniversary

Pinebrook, N. J., April 30 (AP)—Father Divine celebrated his first wedding anniversary with a seven-hour, 35-course feast for the followers of his movement last night.

The negro religious leader and his richly-dressed 23-year-old white wife, the former Edna Ritchings of Montreal, sat at a huge table flanked by giant pink and white wedding cakes and bouquets of pink roses as waitresses in white satin gowns passed out the food.

Above the couple shone a neon sign with the words, "God's holy communion table of Palace Mission." Song tributes to "the lamb and his spotless bride" came from a choir of 50 young girls, their red, white and blue uniforms showing a large white "V" which a secretary said stood for "virtue and victory over the pleasures of the flesh."

The bald, short evangelist told his followers his marriage was to promote universal love and peace. "So glad, father," shouted the feasting faithful.

Father Divine poured coffee for his guests from a silver pitcher while his attractive bride smiled approval. The waitresses and waiters distributed 100 meat dishes, 60 salads, 20 beverages—all non-alcoholic—and dozens of platters of relishes and pickles.

### State Teachers College News

Alumni of the New Paltz State Teachers College will hold its first post-war reunion at the college on Saturday, May 10. Approximately 6,500 alumni have received letters from the reunion committee outlining the program. After lunching the graduates will install a plaque, dedicating the practice school to Dr. van den Berg, former president of the college, who died in 1943. The luncheon will be at 12:30. At the business meeting to be held at 2:30, officers will be elected and other business transacted. An afternoon concert by students will complete the schedule.

### Selective Admission

For the fall of 1947 the selective admissions program, which was in operation before the war, will be used. Admission to the college will be determined by a student's high school record, his score on two tests and his interest in teaching as revealed through interviews.

### OLIVE BRIDGE

Olive Bridge, April 29—The annual meeting of the Ladies' Aid Society will be held Wednesday afternoon, May 7, at the home of Mrs. Dornille Boice.

On account of the sudden illness of the pastor, the Rev. Ronald Williams, the message in church last Sunday morning was delivered by the Rev. Arthur Hansen of Hurley.

The official board meeting will be held on Monday evening, May 5. As this is the last meeting scheduled before the conference it is hoped that all members will attend.

At the clinic in Odd Fellows Hall, Friday, 198 persons were vaccinated by Dr. Bibby, assisted

ing as revealed through interviews.

On Saturday, April 26 tests were given at the Kingston High School. These tests also will be given at the college beginning May 24. Students expecting to take the tests at New Paltz should get in touch with the registrar.

**Present Assembly Program**  
Epsilon Delta Chi sponsored the assembly program on Tuesday, featuring a play entitled, "We Hold Those Truths," the theme of which is the modern application of the Declaration of Independence. The play was presented by the pupils of the seventh and eighth grades.

Initial Gifts Amount to  
Sum of \$5,000

Reports turned in by the captains and workers of the ward and initial gift teams during last night's first report session of the Y.M.C.A. financial drive revealed that the total amount of donations from the 13 wards for the opening week of the drive was lower than that of last year.

An announcement of \$5,000 from the Initial Gift Committee indicated, Chairman McEntee pointed out, that initial gift donations were running higher this year than in previous annual drives.

Paid and pledged donations from all teams and committees totaled \$5,784.48 with \$784.48 coming from the wards.

President Rowland speaking on behalf of all of the officials of the drive cautioned workers not to become discouraged because of this week's showing. Visiting contacts in the wards assured him, he said, that people are generously interested in the work of the Y.M.C.A. and are willing to give to the organization in accordance with that same generous interest.

"There is no doubt in my mind," said President Rowland, "but what the goal of \$20,000 for next year's expenses will be reached if we do our part to go after it."

Gift boxes of candy were awarded to three of the teams turning in the largest total of donations. The amounts from each ward were as follows: 1—\$71; 2—\$112; 3—\$164.50; 4—\$22; 5—\$30.58; 6—\$25; 7—\$53.20; 8—\$62; 9—\$78; 10—\$47.45; 11—\$71; 12—\$5; and 13—\$42.75.

## N. Y. Law Officers To Meet on May 8 At Bear Mt. Inn

Law enforcement officers in New York city, Long Island, and the lower Hudson Valley will gather on May 8, 1947 at the Bear Mountain Inn, Palisades Interstate Park, for the annual Law Enforcement Conference sponsored by the Federal Bureau of Investigation. The morning program will include firearms demonstrations and competition and an informal program of sports.

The Law Enforcement Conference, sponsored by the F.B.I., were initiated as a result of a Presidential directive during the war and have been continued as a local clearing house of information and to coordinate police activities.

Special Agent in Charge Scheidt will preside at the program, which will include talks by leaders in the field of law enforcement and in public life. One of the new features of the program this year will be a firearms match between experts in various departments throughout this area. The men will be designated by the chiefs and sheriffs in each department.

## Flashes of Life Sketched in Brief

So Be It

Chicago, April 30 (AP)—The Fair-teen Club, an organization of high school girls, has issued this "directive" for the benefit of all present and future baby sitters among its members:

Do—Homework, read a book, check the baby every half hour, knit or sew.

Don't—Dress sloppily, turn radio on loud, invite boy-friend in to jitterbug, raid ice box or make a lot of phone calls, hold the baby over the gas stove to dry its diapers.

Back-to-Back

Binghamton, N. Y., April 30 (AP)—Two pickets walked side-by-side in front of a restaurant here, but the placards they bore were, in effect, back-to-back.

One man, whose sign declared "this is a free country," said he was picketing the picket whose sign charged "unfair" treatment of organized labor.

The Y.M.C.A. provides recreation facilities for the youth of the city. Share in this program by supporting the financial drive.

## Sentenced to Life

Rome, April 30 (AP)—Pvt. Frank A. Barbato, 26, of 82 Montgomery avenue, Tompkinsville, Staten Island, N. Y., was sentenced to life imprisonment at hard labor by a U. S. military court martial at Livorno yesterday in the second "amnesia" wartime desertion trial in Italy in less than a week. Barbato pleaded that loss of memory caused him to be absent from the army from February, 1944, to January of this year. He said he had received a blow on the head while visiting relatives near Naples, causing loss of memory.

### SCHOOL MEETINGS

Every qualified voter should make it his business to attend the annual meeting of his school district so that he can find out more about the operation of his schools. This interest should extend both to quality and cost.

All too frequently attendance at school meetings has been left to a few interested people and the public at large has stayed away. One reason for this absenteeism may have been the failure of some school officials to present information about school affairs in form and language which the average person can understand.

The understanding of school costs will be aided if they are presented in unit terms, that is of cost per pupil. Comparisons of such costs over a period of years with straight-forward explanations of reasons for changes will help to increase public understanding. Comparisons also should be shown of the number of teachers employed and the number of pupils in average daily attendance over a period of years. In like manner the actual salaries of school employees should be shown and the actual amount each salary will be increased under the recently-enacted permanent salary law should be computed. The amount of aid which each district has received and expects to receive from the State as well as the amount it expects to collect from real estate taxes also should be stated clearly.

If all the facts are brought out, they may help to dispel some of the "fog of misunderstanding and misinformation" to which Governor Dewey referred in his report on the legislative session. In cases where this information is not placed before citizens, they should ask for it and insist on it.

### ENLIGHTENED WARDEN

The late Lewis E. Lawes, warden of Sing Sing prison from 1919 to 1941, once asked a fundamental question, "What are prisons for?"

The old idea was that they were to punish their inmates, for whom no treatment could be too cruel. This overlooked the fact that prisoners did not stay locked up forever, that their sentences were generally for limited terms, and they were often paroled or pardoned. When they returned to the outside world, they were brutalized by their savage treatment and often more dangerous than when they entered prison.

Lawes and his predecessor, Thomas Mott Osborne, thought this intolerable. They tried to reform their charges and often succeeded. Lawes' books, notably "20,000 Years in Sing Sing", gave many readers an appreciation of what prisoners were and what they could be. Revelations from army prison camps show that this knowledge has not reached many commanding officers.

Enlightened wardens were once far scarcer than hen's teeth. They are still rare in states where the job is a reward for swinging votes. But Lawes was not so lonely when he quit his job as when he started.

### PLAYING BALL AT 68

Is 68 too old to play baseball? Not on your life, says the players in a Memphis, Tenn., amateur league which has been going for 42 years. Most of the players are in their 40's; the youngest is 36 and the oldest 68. There are just two teams in the league, but they take their rivalry very seriously and play every Sunday from April through September. So far from being professional are they that they pay \$11 annually for the privilege of being on the teams.

They call themselves the oldest amateur league in the United States, and have a good claim to being considered the most commendable.

### FORE-ORDAINED NAMES

"Define fore-ordained". "Anything destined ahead of time, like the names of the kings of Denmark." Christian X has died, succeeded by Frederick IX. Thus continues the Danish tradition, unbroken since 1513, that the kings shall alternately be named

### PALESTINE AT UN

The killing of innocent officials who follow instructions in line of duty, the promiscuous throwing of bombs and the destruction of property by terrorism never evokes admiration. Yet, in this day when love of country and pride of birth have succumbed to a cowardly subservience to might, it is refreshing to find men and women who, in the spirit of rebellion against injustice and oppression, risk their lives in the cause of principle.

The spirit of Nathan Hale cannot be admired only in historical retrospect. William Tell is not only the subject of opera. The Bruce is not merely the poet's lay. Judas Macabbeus lives in tens of lands where oppression steals from men their language, their tradition, their soil. It is not only Palestine that is at stake; it is the doctrine of revolution so succinctly stated in the American Declaration of Independence.

The form of government established in Palestine by the League of Nations is a mandatory over territory conquered from Turkey. The sovereignty over Palestine was vested neither in the League of Nations, the successor to which is the United Nations. The British are merely responsible agents of the League of Nations, having been appointed to that office as recently as 1920.

The fact that the United States did not join the League of Nations precluded its acceptance of any mandate, but Bainbridge Colby, then Secretary of State, made it clear that as one of the Allied powers, the United States was concerned with what happened to conquered territory. Unless the United States were considered Colby declared, it would not consider itself bound by the terms and provisions of such mandates.

The Mandate, which was allocated to Great Britain at San Remo on April 25, 1920, and which the British accepted on September 29, 1923, contains this clause in its preamble:

"Whereas the Principal Allied Powers have also agreed that the Mandatory shall be responsible for putting into effect the declaration originally made on the 2nd November, 1917, by the Government of His Britannic Majesty, and adopted by the said Powers, in favor of the establishment in Palestine of a national home for the Jewish people, it being clearly understood that nothing should be done which might prejudice the civil and religious rights of existing non-Jewish communities in Palestine, or the rights and political status enjoyed by Jews in any other country."

The Declaration of November 2, 1917, referred to above, is generally termed the Balfour Declaration. The Balfour Declaration and the Mandate were endorsed by the Anglo-American Conference signed at London on December 3, 1924 and ratified by the Senate on February 20, 1925. These three documents constitute the Jewish Charter for Palestine. Loosely worded, the documents have been subject to varying interpretations, but the intent is clear: Palestine was to become a homeland for such Jews as desired to dwell there, but that homelands were to be on a basis which would not interfere with the rights of Arabs or Christians who also sought to dwell there.

All things considered, the Jews and the Arabs in Palestine got along as well as differing peoples on the same spot do. The Jews made huge investments in agriculture, industry and social institutions from which the Arabs benefited. The British, however, found themselves in an anomalous situation. They were accustomed to colonies which served Britain's economic policies. A mandated area is not a colony. It could not be exploited economically nor integrated politically. The British sought to do both and entered upon an intensive campaign of separating Jew from Arab. Because of this the Arab world was pro-Nazi. The President Roosevelt reversed this trend by actively and financially supporting the Arab League, which was more or less his creation, and by the organization of the Arabian-American Oil Company which the Department of Justice is trying to prevent Senator Wheeler from investigating. The Palestinian problem is now suffused in oil politics and is before the United Nations for solution—in oil.

### HELPING THE HARD OF HEARING

Sometimes we wonder how much good is accomplished by volunteer organizations whose members are trying to help their fellowmen—National Tuberculosis Associations, American Heart Association, National Foundation for Infantile Paralysis, National Association to Prevent Blindness, Mental Hygiene Association and many others. I have written about a number of these organizations and how they have been able to help the victim and his family and make life worth living.

It is some time since I spoke of the American Society for the Hard of Hearing, now called the American Hearing Society. One of their objects was to tell the hard of hearing that they could be helped by hearing aids, just as defective eyesight is helped by glasses; that wearing a hearing aid is only common sense. That the efforts of this organization is bringing results is seen in the great number of individuals on the street, waiting on customers, attending church and theatre, all wearing hearing aids.

The American Hearing Society has headquarters in Washington, D. C., has branches or chapters (118) throughout the United States and Canada and is a non-profit organization.

The services provided by the organization are:

1. Available ear specialists.
2. Teachers of lip-reading.
3. Medically approved hearing aids.
4. Training in lip-reading.
5. Adjustments to hearing loss.

It will surprise many to learn that 1 out of 10 persons has impaired hearing, varying from slight to total loss.

The organization points out how much loss of hearing means to the individual and to the community; the individual shrinks from company; and the community loses the contribution he could make because he has normal mental and physical qualities. By helping to regain his hearing or a portion of it, he not only contributes to his own community life but he is an object of inspiration to all others who have some loss of hearing.

The Public Relations Director, American Hearing Society is located at 480 Lexington avenue, New York 17, N. Y.

Christian and Frederick. Their birth-names might be entirely different. King Christian had a well-stocked supply: Christian Frederick Franz Michael Karl Valdemar George. The new King Frederick started life as Karl Frederick Albert Alexander William. These names take the princes along until they come to the throne; then they take the fore-ordained name, Christian or Frederick, and carry on.

It certainly simplifies memorizing royal names for Danish schoolchildren.

Another thing needed in this country is fewer guns.

C. R. DOUGLAS

It's not as easy as it used to be about town to tell which way the wind is blowing, and those who don't care, might be considered disrespectful of an old school of amateur prophets who often scored more than near misses in "calling" the caprices of the winds in terms of tomorrow's weather.

Even the oldtimers cannot read the winds today like they used to, not so long ago because the once common weathervane is becoming as rare a sight as the wooden Indian.

Once the weathervanes and their colleagues on the directional roof-top swivels were prominent in their mute, majestic defiance of the gales and moaning gusts from all directions, and those who found them as handy as a town clock, often knew when a nor'easter or a "cold spell" was in the offing.

But in skyscrapers and towers and often churches of another age, looked unfinished without a weathervane turning in easy or rasping obedience to wind pressures a few inches above the customary N. E. S and W to indicate direction, and they were missed like a friend when after long, weatherbeaten years, they toppled from a perch and were never replaced.

Most common in the region were the replicas of the frisky, strutting rooster, the horse and the arrow of intricate design. Others were of special or sundry pattern, and some elaborately fashioned, seemed too much out of character.

A British publication, "London Calling," issued by the British Broadcasting Company, recently explained: "Churches usually keep to a cock; it is a useful shape and it also signifies watchfulness, and it is symbolic too, of the cock that crows thrice when St. Peter denied Christ."

The article explained further that "Looking at buildings other than churches, you see all kinds of fantastic shapes—griffins, dragons, a stag, a trout, a hare. There is one with a cat and mouse, and I have seen one somewhere with a lion and dog. There is a fish. Look, a locomotive at Crews. On a school at Bournemouth is one with three squirrels on a mother squirrel and two young ones. The mother being the largest, she swings away from the wind, and she has one paw raised in the act of teaching her young. But there is a rather grim one on the village school at Roughton, near Castle Acre in East Anglia—a birch rod. Happily the birch rod is no longer used in the school there."

There is a right and wrong way of flying some of these vane, the articles explained. "A horse, for instance, when it is grazing in a field, usually turns its back to the wind, and that is the correct way to fly a horse-vane."

The vane are often useful too, said the article: "A firm of Lancashire bleachers use their weathervane to warn them when the wind is blowing in a certain direction. They make their own chemicals, and if the wind is blowing in a certain direction the fumes are liable to go over the fields and destroy the crops, so, when the weathervane gives the warning, they switch off the fumes."

### WHICH DO YOU PREFER

Here are two widely divergent opinions on labor unioning and pending labor legislation.

The Communist point of view is set forth in editorials in recent issues of the People's World, West Coast Communist daily:

"The Hartley bill was not written by the Congressmen who marched down the center aisle of the House to defeat every amendment which would temper its vindictive revenge against labor."

"The bill was too important to entrust to the small minded politicians and business men and politicians from the North and the South and the West who now sit as representatives in Congress. It was drafted directly by the skilled experts of the National Association of Manufacturers and the U. S. Chamber of Commerce."

"The Hartley bill represents the program of the coupon clippers and the economic royalists of America, for atomizing the labor movement, for reducing it to servility and impotence."

A subsequent editorial in this Communist daily reads:

"The N.A.M. boys who drafted the Hartley bill want to take no chances. So they have included at least 20 provisions to tie the labor movement in knots. That is the number enumerated by the Congressmen who brand the Hartley bill 'a new guarantee of industrial slavery.'"

This Red daily makes frequent use of the expression "slave labor bill," and it lately quoted Phil Connolly, C.I.O. Council Secretary for California—often branded by the California Fact Finding Committee as a Communist—as saying the national C.I.O. is "united, hopping mad and deadly serious" in its fight against pending labor legislation.

That generally is the Communist point of view. No argument, no analysis; just an emotional attack, all centered, of course, on big business.

Here is another point of view, that of Southern California housewives, mothers and club women known as Women of the Pacific. Recently they published their sentiments in a full page newspaper advertisement addressed to the 80th Congress. Under the stream-lined heading they wrote:

"The vote which elected you last November was an explicit protest against interference with the lives, liberties and affairs of the American people."

"That vote was the insistent, not-to-be-disregarded call for you, the supreme law making body of this nation, to curb usurped powers of irresponsible and lawless men which, unrestrained, will destroy us."

"These recurring obstructions to our getting the necessities of life—industry-wide strikes and communications and transportation, coal and other fuels, power and light, and other basic sources of supplies, including food—are abuses and excesses no longer to be tolerated."

"Why should Americans constantly be made to fear that our

Education with proposals to expand local school facilities, had not been answered."

Preliminary plans were announced for the annual Ulster County Farmer's Fair and Picnic at Forsyth Park on August 25.

The State Conservation Department announced that a 285-pound, eight-foot, six-inch sturgeon had been hauled from the Hudson by Edward and Harold Teeming near Malden.

cities, factories, farms and homes will be plunged into darkness? Why must we be continually in dread of shortages and famines in a land of plenty?

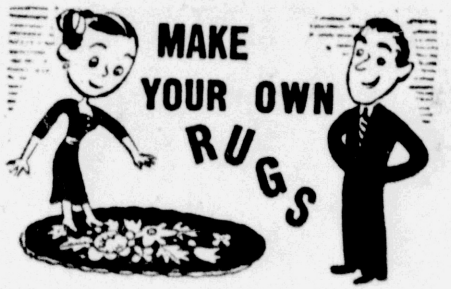

"We petition you to: 'Outlaw the closed shop, in all its variations of honeyed aliases. Outlaw 'hot cargo,' secondary boycott and secondary picketing as criminal conspiracies.'

"Outlaw juridical, organizational and sympathetic strikes, willful slowdowns of production, industry-wide collective bargaining out of which comes those vicious 'master contracts' that put nation-wide essential industries wholly in the power of one man. 'Forbid government employees, anywhere, in any classification, to go on strike.'"

"The American people know that our country is in jeopardy. The hour is late. Congress must reassert and fully exercise its constitutional duties and responsibilities. . . . We, the people, trust you. Do not fail us."

### Try a Braided Rug

If you've never made a rug before and want to be successful in your first attempt, try a braided rug. You can't go wrong. No equipment is needed—you braid the material with your own two hands.

Any kind of discarded woolen, linen or cotton may be used. Your scrap bag is empty and you need new material, unbleached muslin is ideal. It dyes nicely and is soft and pliable to work with. Tear or cut the material into strips 3 1/2 inches wide. These are then folded over and pressed down. Each braid is made of three strips in the same color. When all your braids are made, turn them wrong side down on a table, and whip the edges together with heavy thread. If you wish, you may reinforce the rug with binding. Simple, isn't it?

And it's equally easy to make hooked, woven, knitted, tufted, crocheted and other types of rugs. Our 40-page Reader Service booklet No. 94 tells you how. Illustrated instructions for over 20 different rugs—all you need to know! Send 25c (coin) for "New Ideas for Handmade Rugs" to The Kingston Daily Freeman, Reader Service, 243 West 17th St., New York 11, N. Y. Print name, address, booklet title and No. 94.

Exchange of Visits by Truman, Aleman Seen as Blow To Red Aims in South America

By DAVID LAWRENCE

Washington, April 30—America is anxious to make and keep as many friends as possible among the countries of this troubled world.

Back of the enthusiastic welcome to President Aleman is a definite policy here of encouraging the most cordial relations with every nation on this hemisphere.

Mexico has been a "good neighbor" and one might wonder why the demonstration at this time of good relations. The answer is that Mexico can be a hotbed of subversive influence. Communism, in fact, already has begun its infiltration program of creating dissension in many countries to the south of the United States.

As long as there is a tendency to take Mexican-American relations for granted and as likely to be good anyhow, there is a danger of neglect. Communists, moreover, are alert to take advantage of any misunderstandings or to exaggerate past controversies.

Mexico and the United States have much in common but the peoples of the two countries really know very little about each other. A visit such as President Truman recently paid to Mexico and such as President Aleman now pays to this country means more publicity attention in a few weeks than either country gets from the other in many years.

Manifestations of friendship through an exchange of presidential visits are worth while when they are superimposed on a background of genuine cooperation. Mexico and the United States worked together in World War 2 in a manner that could not have been excelled.

But basically the Mexican people have often been misled by agitators who seek to spread the impression of northern colossal wealth to make up a weaker country. Unfortunately, misunderstandings in the past have furnished opportunities for such propaganda to gain headway.

The Mexican people as a whole can be led into paths of warm friendship for the United States because, at heart, they are a friendly, peace-loving people. They are tired of the exploitation that comes with dictatorship. Back in 1911 this correspondent began writing from various parts of Mexico about the revolution that overthrew Dictator Diaz and an opportunity was afforded then to understand the spirit of liberalism and democracy that really animates the Mexican people.

Some of the men who were prominent in that revolution later ascended to high offices in the several administrations that have

## Shanghai Papers Cost \$600 Per Copy, Ads Impersonal

By PHILIP LIU

If by some quirk of fate you were to pick up a Shanghai newspaper from your doorstep this evening, you'd find it far different from the Daily Freeman—even if you could read Chinese.

For one thing, it would be lighter. The largest newspaper in China today has only 12 pages. The old Shanghai newspapers that contained 20 pages are victims of the world-wide newsprint shortage.

You wouldn't find any advertisements for automobiles, men's suits, and women's dresses. And you certainly wouldn't find any ads for brassieres—something quite common in American papers. Such ads have not been completely accepted in good taste on the other side of the globe. Even the modern women in Shanghai prefer to make their underthings themselves.

But you'd find other advertisements. Shanghai people like to show off as much as any other people. One way to do it is to print a huge announcement when one gets married. Friends who fail to find an appropriate wedding gift often congratulate the couple by declaring that they are "joined by heaven," in a newspaper ad. And as Shanghai has a population of more than four million the number of people getting married every day is so large that their announcements occupy a big section in the dailies.

Funeral notices occupy a large space, too. Relatives and friends

of the deceased also like to eulogize him publicly. A good-for-nothing may be called a hard-working public servant. And there is nobody to denounce the dead. There are also many advertisements on medicines, especially tonics. The ads for American movies are also prominent, but they look like classified ads instead of the display type.

In reading a Chinese paper you go from right to left. One American student of the Columbia Journalism School asked his Chinese classmates jokingly: "If you read the reverse way, why don't you stand on your head too?" The reply was: "That's a good question. Be sure you know how to answer it when you go to the Orient."

Each Chinese page has 12 columns from top to bottom instead of the eight that American papers have. Since Chinese is written vertically the appearance of the page would not look good if banner headlines were used. The number one story usually carries a four-column head. When the Japanese surrendered, Ta Kung Pao, the most respected paper in Shanghai, carried an eight-column head which ran two-thirds of the page. It was considered unprecedented.

A page of a Chinese paper contains an average of 15,000 characters or ideographs as compared to an average of 6,400 words in an American page. All type is handset because the Chinese language does not have an alphabet. The number of different ideographs used in a Chinese paper seldom exceeds 3,000 although there are 7,000 in the fonts. The total number of Chinese characters is about 40,000. (The Bible used about 8,000 words while Shakespeare used 23,000.)

The reason that only 3,000 ideographs are enough to convey all necessary meanings is because Chinese characters combine to form new words. For example: "fire car" means train, "pa ma" means parents.

### Front Page Editorials

A fast type-setter can set 1,200 characters an hour while an average man can set only 750. It is a highly skilled trade and must be learned when young.

Most Chinese news stories are not up to the American standard. Some of them are mere verbatim government announcements. The editorials, however, are excellent. The best men usually write the editorials, which are widely read in China and are sometimes printed on the front page.

Of the 20 newspapers in Shanghai only two are not politically influenced and they are the only ones that are making money. These two papers also enjoy the largest circulation. One sells 200,000 copies; the other, 120,000. Their readership is much higher than those figures, as a paper usually passes through four or five hands.

The percentage of literacy in Shanghai is estimated at 50 percent while that of the whole country is about 30.

Incidentally, the price of a Chinese paper now is \$600. But it is not as bad as it sounds. The high price is caused by the inflated currency and the amount is actually equal to five cents here.

## 4,000 Serve in Texas Disaster, A.R.C. Reports

The Public Information Service of the American Red Cross North Atlantic Area in New York, in a recent report informs us that 4,000 workers trained in first aid served during the emergency crisis that completely enveloped Texas City, Texas following the devastating fire that ravaged the city totally. Total commitments contributed in this emergency are estimated between \$200,000 and \$250,000.

More than \$100,000 worth of drugs, surgical instruments, equipment and hospital supplies were furnished. Among these were more than two billion units of penicillin. One hospital used over 24,000,000 units in a single night. Large quantities of sulphur drugs, gas gangrene antitoxin and tetanus antitoxin were supplied to hospitals. Two hundred grams of streptomycin, one of the scarcest drugs in the world, were secured. Four thousand units of blood plasma and 400 units of whole blood were furnished, as also large quantities of embalming fluid.

Of the 18,000 inhabitants, only 1,000 remained in town the first night.

Woes of a Telephone Operator

(By a Long Distance Operator)

"Number Please! What did you say?"

"That's all I yell the live-long day."

"What number sir? 2-2-9-7?"

"Go ahead, sir! They're on the line."

"What's that, Madam! I cut you off!"

"So sorry, Madam! (My voice purrs soft.)"

"When all the while I long to yell, Tear my hair and throw a spell, 'Operator!' Some crab shouts: 'What in thunder are you about! Next time, Operator, don't give me Benton!"

"I'm calling the residence of Mr. Clinton—"

"His line is busy! Well, I'll be— (The receiver comes down with a violent slam.)"

"Operator! Hello! Hello! I'm calling number 2-2-0"

"Operator! What's wrong with their phone?"

"Ring again! I know they're home! Operator, well—no wonder—"

"So sorry, Operator, called the wrong number."

"Now through all this I grit my teeth, Hold my temper and sound special sweet."

"But dear reader, take my advice: Never choose this profession before thinking twice."

"A curate having been criticized by his bishop for attending a ball, the former replied: 'My lord, I wore a mask.'"

"Oh, well," returned the bishop, "that puts a new face on the affair."

"A little city boy was visiting his country cousin—"

"Country Cousin—What do you know about cows? You don't even know if that's a jersey cow."

"City Boy—I don't know from here 'cause I can't see its license plate."

"Maude—Jack is telling around that you are worth your weight in gold."

"Ethel—The foolish boy. Who is he telling it to?"

"Maude—His creditors."

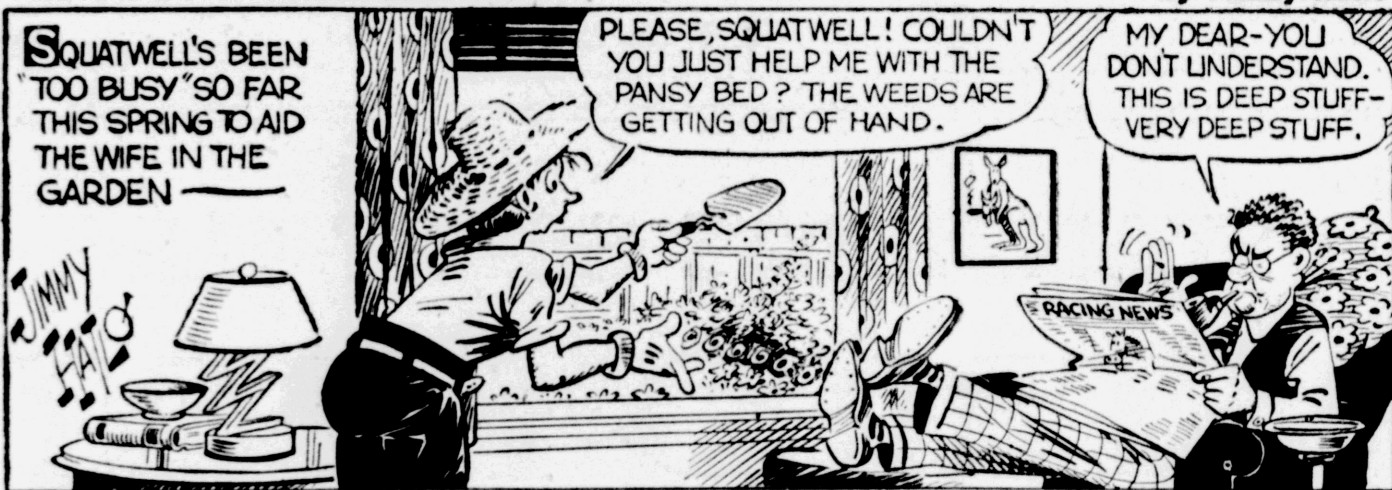

"He who would dance in a crowded night club has a kick coming."

"Reporter—Why all the gloom?"

"Editor—I received a letter yes—"

## 200 Invitations Sent For Bridge Bill Luncheon

More than 200 invitations have been mailed to area persons asking them to attend an appreciation luncheon at 1 p. m. Monday at the Beekman Arms Hotel, Rhinecliff, in celebration of the passage of the Kingston-Rhinecliff Bridge Bill, the Kingston Chamber of Commerce said today.

The bill, authorizing the construction of a bridge across the Hudson river, was the last measure to gain approval at the past session of the State Legislature. After passing on March 13, the bill became law when signed by Governor Thomas E. Dewey about a week later.

The luncheon will honor the work of public-spirited citizens whose efforts gained the span which will link the business and social lives of the two towns. Among the persons invited are State Senator Arthur H. Wicks and Assemblyman Ernest I. Hatfield.

William C. Kingman, general chairman of the committee, announced in the invitations that the luncheon will cost one dollar per plate.

Mrs. George C. Rifenburg, secretary of the Kingston Chamber of Commerce, said persons accepting the invitation should notify Mr. Kingman, Kingston 1701, or the Chamber of Commerce, Kingston 5100.

## SATURDAY BANK CLOSING

## To the Public:

Pursuant to the new law which permits Banks in the State of New York to close on Saturdays, our Main Banking House and Central Branch will close at 3 P. M. on Friday afternoon of each week during the months of May to September inclusive, 1947, and remain closed until the following Monday morning.

We believe that this test period of Saturday closing and the reaction to it of our patrons will demonstrate whether or not this policy should be made permanent. If we find that our customers are unduly inconvenienced thereby, we will abandon such policy. In event no such inconvenience results, Saturday closing will probably be made permanent by us.

During this test period we request our patrons to inform us how Saturday closing affects them and to frankly express to us their opinions as to whether such policy should be abandoned or continued by us.

Continued from Page One  
placed under arrest on that warrant and will be returned to prison as a parole violator.  
Harris was sent to prison in 1942 from New York under a "mugging" charge in that he committed robbery in the third degree. The term was from 2 1/2 to 5 years and he has now about 90 days to serve on the sentence.  
Allen Drake of Kingston, charged with forgery, second degree, also offered a plea of guilty to petit larceny and it was accepted by the Court and District Attorney Bruhn. Drake, 23 years old, was charged by indictment with passing a check on a local concern in the amount of \$81.

Harry Gold, appearing for Drake, referred to the excellent army record of the defendant and said Drake would make restitution as soon as he got a job and was able to get to work. Drake has a prior conviction in Delaware county for petit larceny.  
Judge Cashin imposed a 5 months jail sentence and directed that the 63 days Drake has served in jail be credited to the term. A second forgery count in the indictment was dismissed on request of Mr. Gold.  
All civil cases were moved over the term and jurors were excused for the term. Court adjourned to chambers.

The first separate children's court was established in Chicago in 1899.

## Play Program for Local Kids Bigger Than Ever, Edson Says

When Harry L. Edson, acting superintendent of recreation hears that juvenile delinquency is on the upgrade in America, he likes to reflect that Kingston has rarely had a child under sixteen on the police blotter.

Mr. Edson feels that Kingston's comprehensive recreation program—a program that will be expanded this summer—has a lot to do with the city's splendid record.

"If you can keep kids occupied and interested," he said "whether its in sports, or crafts, or entertainment, they'll keep out of trouble. The answer to juvenile delinquency is more supervision, more outlets for a kid's energy."

This summer, Kingston's youngsters will have more of an opportunity than ever to keep themselves busy. In addition to the city's eleven playgrounds, Mr. Edson revealed that several empty lots are in the process of being transformed into play areas.

A large section on Marius street is to be closed off and used as a playground. At the State Army field—where the Kingston Dodgers are currently working out—Mr. Edson hopes to have an additional softball field set up. A playground for small children will occupy Rodie Field, while the Athletic Field at Smith avenue and Cornell street, long out of use, will serve as a new baseball diamond.

"Our main problem is space," Mr. Edson said. "Because of the way the town is laid out we can't have any centrally located play area. Instead, we have to distribute our playgrounds."

The space problem was aggravated, said Mr. Edson, when the lot on Charlotte street, originally allocated to the Recreation De-

partment, became the site of a Veteran's Housing Project.

"There's a small corner of it they haven't used" said Mr. Edson. "Maybe I can wangle that for the kids."

One of the activities of the department that Mr. Edson takes particular pride in, is the crafts program. Under the direction of Alexander Fuhrman—"Pop" to his students—600 Kingston boys "learn by doing."

"We've found that many children who are inclined to be disinterested in regular school work go big for the crafts program," Mr. Edson explained. "Of course we can't hook 'em all, but at the moment we have almost more than we can handle."

"Pop" Fuhrman who gets as much fun out of his work as the boys do, agreed wholeheartedly with Mr. Edson. In the summer months, "Pop" will move his workbenches and tool-kits out of the schoolhouses and into the parks and playgrounds, so that the boys can continue their work out of doors.

Another feature of the summer program will be outdoor movies and entertainment at the parks. "Last year we had as many as 5,000 people at some of the performances," Mr. Edson said.

"The children themselves, under supervision, put on the shows. All ages, too—I've seen five-year olds taking part."

Mr. Edson believes in training children young. At the city's several wading pools, four and five year old youngsters are taught the fundamentals of swimming.

"Last year about 400 kids learned to swim. I expect even more will learn this summer," said Mr. Edson.

Some 1500 softball and baseball enthusiasts will participate in the Recreation Department's leagues

this summer. As usual, athletic instructors and supervisors will be on hand from nine in the morning until nine at night.

Mr. Edson expects the city's parks and picnic grounds to play host to thousands of people during the summer. Groundkeepers are currently giving the parks a beauty treatment in anticipation of summer visitors.

At Hasbrouck Park, overlooking the Hudson, Mr. Edson gazed thoughtfully across the river.

"I had a chap from the west coast up here once," he said, "and do you know what he told me? He said if they had a view like this in Los Angeles they'd be telling the world about it. But up here everyone seems to take it for granted."

## Tornado Whips

Continued from Page One

Survivors reported Fred Jennings had joined six other persons in a cellar and was standing near the door when a gust of wind sucked him out and tossed him into a telephone line. His body was found 75 feet from the cellar with the wire wrapped tightly around his legs.

## Aid Is Rushed

Nearby towns rushed ambulances and other assistance to North. A plane with 200 units of blood plasma was dispatched from Kansas City.

Mrs. Anne Trump, a schoolteacher, helped save her 16 pupils by ordering them to a storm cellar when she saw the tornado approach. A few minutes later the school house was a mass of debris.

Mrs. Oren Myers, the town's telephone operator, remained at her switchboard until just before the wind ripped the building apart. Her husband was killed.

Where is Palestine?"

## "UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked, food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Give Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 6 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion as you can feel really good again.

Buy Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion.

## Play Program for Local Kids Bigger Than Ever, Edson Says

When Harry L. Edson, acting superintendent of recreation hears that juvenile delinquency is on the upgrade in America, he likes to reflect that Kingston has rarely had a child under sixteen on the police blotter.

Mr. Edson feels that Kingston's comprehensive recreation program—a program that will be expanded this summer—has a lot to do with the city's splendid record.

"If you can keep kids occupied and interested," he said "whether its in sports, or crafts, or entertainment, they'll keep out of trouble. The answer to juvenile delinquency is more supervision, more outlets for a kid's energy."

This summer Kingston's youngsters will have more of an opportunity than ever to keep themselves busy. In addition to the city's eleven playgrounds, Mr. Edson revealed that several empty lots are in the process of being transformed into play areas.

A large section on Marius street is to be closed off and used as a playground. At the State Armory field—where the Kingston Dodgers are currently working out—Mr. Edson hopes to have an additional softball field set up. A playground for small children will occupy Rodie Field, while the Athletic Field at Smith avenue and Cornell street, long out of use, will serve as a new baseball diamond.

"Our main problem is space," Mr. Edson said. "Because of the way the town is laid out we can't have any centrally located play area. Instead, we have to distribute our playgrounds."

The space problem was aggravated, said Mr. Edson, when the lot on Charlotte street, originally allocated to the Recreation De-

partment, became the site of a "Veteran's Housing Project."

"There's a small corner of it they haven't used," said Mr. Edson. "Maybe I can wangle that for the kids."

One of the activities of the department that Mr. Edson takes particular pride in, is the crafts program. Under the direction of Alexander Fuhrman—"Pop" to his students—600 Kingston boys "learn by doing."

"We've found that many children who are inclined to be disinterested in regular school work go big for the crafts program," Mr. Edson explained. "Of course we can't hook 'em all, but at the moment we have almost more than we can handle."

"Pop" Fuhrman who gets as much fun out of his work as the boys do, agreed wholeheartedly with Mr. Edson. In the summer months, "Pop" will move his workbenches and tool-kits out of the schoolhouses and into the parks and playgrounds, so that the boys can continue their work out of doors.

Another feature of the summer program will be outdoor movies and entertainment at the parks. "Last year we had as many as 5,000 people at some of the performances," Mr. Edson said.

"The children themselves, under supervision, put on the shows. All ages, too—I've seen five-year olds taking part."

Mr. Edson believes in training children young. At the city's several wading pools, four and five year old youngsters are taught the fundamentals of swimming.

"Last year about 400 kids learned to swim. I expect even more will learn this summer," said Mr. Edson.

Some 1500 softball and baseball enthusiasts will participate in the Recreation Department's leagues

Survivors reported. Fred Jennings had joined six other persons in a cellar and was standing near the door when a gust of wind sucked him out and tossed him into a telephone line. His body was found 75 feet from the cellar with the wire wrapped tightly around his legs.

## Aid Is Rushed

Nearby towns rushed ambulances and other assistance to Worth. A plane with 200 units of blood plasma was dispatched from Kansas City.

Mrs. Anne Trump, a school teacher, helped save her 16 pupils by ordering them to a storm cellar when she saw the tornado approach. A few minutes later the school house was a mass of debris.

Mrs. Oren Myers, the town's telephone operator, remained at her switchboard until just before the wind ripped the building apart. Her husband was killed.

In Arkansas, the business section of Bright Water was practically destroyed. Mr. and Mrs. Arch Blansett, operators of the general store, and Orville Springer were killed by collapsing buildings.

The twister then ripped across a farming area east of Garfield, Ark. Garfield was not hit directly. Four persons were killed in the farming section.

Aid was rushed to the stricken areas from surrounding towns and the Rogers, Ark., unit of the National Guard was sent to Bright Water to help search the ruins and guard against possible looting. Bright Water has a population of 100.

In Iowa, Paul Thompson, Northwestern Bell Telephone manager at Corydon, Ia., reported considerable damage at Clito, a town of about 200.

The lumber yard had been hit and some residences were damaged but mostly it was the out-buildings that were hurt. A lot of the folks were standing around but nobody seemed to know of anybody who had been hurt or killed.

## Troopers Will End 20 Years With N. Y. Police

Cpl. Reilly and Dunn Were  
Stationed at Sidney  
Serving as Police  
Officers

Corporal Arthur A. Reilly of Kingston and Trooper Raymond Dunn of Phoenixia will complete 20 years of service with the New York State Police on May 1. Both troopers were members of "C" Troop at Sidney during the time they served the state as police officers.

In 1927 Corporal Reilly, whose home was in Creek Locks, joined the State Police and was assigned to the Monticello territory. He remained in the Sullivan county area until 1929 when with Sergeant John A. Hopkins, now retired, he was sent to open the Ellenville station. He came to Kingston in 1933. Until 1943 Corporal Reilly was stationed in this area, residing in Kingston. In 1940 he was assigned to the Bureau of Criminal Investigation, that branch of the State Police which is known as the "plain clothes" division. His specific duties were the investigation of homicides and deaths from violence in addition to other special investigations.

In 1943 Corporal Reilly was assigned to special duty in New York city to investigate Workmen's Compensation matters under the direction of the Moreland Commission. When this work was completed he was assigned to Ulster county and continued the usual B.C.I. investigation. For a time he was stationed at Lake Katrine. At present he is attached to the Highland State Police barracks.

Trooper Dunn, a native of Binghamton, joined the State Police in 1927. During the time he served on the force he has been assigned to numerous stations in the counties served by "C" Troop. Several years of his service were in the Kingston area and for a time he was stationed at East Kingston.

Prior to the present practice of having troopers stationed at central barracks in strategic places, Trooper Dunn operated the Phoenixia station and later was transferred to Lake Katrine. Subsequently he was placed in charge of the Highland barracks. Now on vacation, Trooper Dunn has been stationed at Wurtsboro for some time and will return there at the expiration of his vacation.

Both Corporal Reilly and Trooper Dunn have made many friends during their residence in Kingston. From the law enforcement officials of the county they have earned a reputation for being highly efficient police officers.

## If You've Had Trouble Keeping a Budget.....

The main purpose of a budget is to see that outgo does not exceed income, that a certain amount is saved regularly. There's a simple way to accomplish this.

Here's how: First deposit a decided-upon amount of each income check in a savings account at this bank; deposit the rest in a checking account; then write checks for all cash and payment needs.

Your check stubs provide a bookkeeping system as simple as ABC. By saving FIRST, you feel more free to enjoy spending what's left. The plan works. How about it?

Today's edition of the Freeman represents the collective efforts of eight graduate students from the Columbia University School of Journalism.

The visit is arranged annually to provide practical training in newspaper production. Last week the students came to Kingston to acquaint themselves with the city and to observe the regular staff at work. Today they put out the paper under the supervision of the regular editors.

The group was headed by Gordon Kester, of Rochester, who acted as managing editor. Mr. Kester, a graduate of the University of Rochester, served in the U. S. Navy as a lieutenant (jg) from 1942 until 1946.

Stephen Davis, of Philadelphia, Pa., was city editor. A graduate of the University of Pennsylvania, Mr. Davis has had professional

publishing experience in New York city.

Other members of the group were: Gerald Greenberg, of Brooklyn, N. Y., a graduate of Columbia University, who served as Continuity Director of the American Forces Network in Bremen, Germany, during the war.

Julia Kao, of Shanghai, China, a graduate of the University of Shanghai and the Post-Graduate School of Journalism at Chungking, and editor-in-chief of The Chungking Reporter.

Continued from Page One  
co-operation of the county, town and local health authorities aided by the public health nurses and numerous lay people.

The Rev. Frank B. Seeley, president of the Ulster County Department of Health, expressed his appreciation, and that of the County Health Board for the splendid co-operation.

"I, as president of the Ulster County Department of Health, and on behalf of the members of the Board, wish to extend our appreciation to all local health officers who participated so significantly in the conduct of these clinics and for the splendid co-operation of Dr. Meekins, Dr. Friedman, Dr. Beattie, Dr. Shea and others who held special clinics in numerous places in the county. Local town health officers, Public Health nurses and all members of the Public Health Nursing Committees as well as lay assistants who aided so splendidly at these clinics deserve the appreciation of all for their invaluable aid in this work," Dr. Seeley said.

Dr. Gilbert Schaffner of the Kingston Laboratory also assisted at the clinics and in the distribution of the vaccine through the local laboratory. Dr. David Overton, of the state health department, was in charge of the fluorine clinic.

With thousands of sore arms, many of them from first vaccinations, there have been frequent inquiries of physicians as what course to pursue.

Dr. George James, commissioner of health for Ulster county, warned yesterday that in many cases the reaction would be quite pronounced. In some cases there is fever and pronounced soreness. "If the fever persists for several days, see your physician," warned Dr. James, but he said that a fever of a couple of days duration might be expected in many cases.

"In two or three days after vaccination, a patient may have a headache, chills and fever, and in general feel as though he had the grip. These symptoms should pass off in a couple of days. The area around the vaccination becomes swollen and inflamed about the fifth or sixth day, followed by a blister and more swelling a day or two later and the glands in the armpit may give pain," said Dr. James.

These conditions are normal, but some people may not experience any particular difficulty and others may have even more pronounced symptoms.

If the condition becomes severe put an icebag in the armpit. Don't get the vaccination wet and don't bandage it, he said. If the fever persists for several days consult a physician but the symptoms and unpleasant reaction will subside in a week or so. Persons who have been vaccinated previously usually get a milder reaction and in about a week the symptoms are usually gone. Some individuals will get only a slight redness for a short time after vaccination. This is an indication of immunity.

If there is absolutely no reaction to the vaccination, that is an indication that the vaccination probably was faulty and it should be done again in about a week. Some people who are immune however may not show any reaction, but in those cases a second vaccination will do no harm, the doctor said.

## Soviet Press Reports On Marshall Address

Moscow, April 30 (AP)—The Soviet press today reported as follows on U. S. Secretary of State George C. Marshall's radio broadcast to the nation Monday night:

"Washington, April 29 — Secretary of State Marshall made a speech on the radio here today at 1330 G.M.T. devoted to the results of the recently concluded conference of foreign ministers."

There had been no previous mention of Marshall's talk by the Russian press or radio.

### Milk Price Drops

Albany, N. Y., April 30 (AP)—A one-cent a quart reduction in the retail price of milk in several upstate cities was announced today by major dairy companies. The cut, effective tomorrow, will lower the price of grade A milk to 18 cents in Albany, Troy and Saratoga Springs. In Watertown, the price will drop to 16 cents.

In New York city, two major distributors have announced a one-cent cut reducing the home-delivery price to 19 cents and the store price to 16 cents. The reduction followed a federal order effecting a drop of 44 cents a hundredweight (approximately 45 quarts) in the prices handlers pay producers during May and June.

### Agreement Is Reached

New York, April 30 (AP)—Emil Schram, president of the New York Stock Exchange, today announced formal approval of an agreement with United Financial Employees (A.F.L.) reinstating the contract which the union canceled April 20. The agreement, Schram said, eliminated a clause which permitted the exchange or the union to cancel the contract on 30-day notice. Schram issued his statement following a special meeting of exchange directors.

## Eggs To Be Dollar A Dozen in Fall, Says Chick Dealer

Eggs will be selling for one dollar a dozen next fall, if the prediction of Charles Hummer, Jr., feed and chicken dealer at 30 O'Neil street is correct.

Mr. Hummer has now only one of his two incubators working and is turning out only 22,000 chickens each month. Last year his production was twice the figure and he had every one of his chickens sold before they were hatched. He pointed out that because people are buying less chicks this year would cause an acute shortage.

To support his prediction, Mr. Hummer cited U. S. Department of Agriculture figures. He said last month there was only about half an egg in storage for every American, whereas, one year ago there were about three and a half. Frozen eggs in storage decreased by seven million pounds in February as compared to an increase of six millions pounds a year ago.

Mr. Hummer went on to say there were 55 million fewer chickens on farms this year than a year ago. He also said the egg production in February was 4 per cent below a year ago due to 6 per cent fewer layers.

All experts could easily see such a shortage, Mr. Hummer said. A fortnight ago, the president of the Butter and Merchants' Association also made the same forecast, he added.

...try an Old Gold

Had your fill of blaring cigarette claims? Well, maybe this'll be music to your ears: Old Golds promise you only pleasure.

We're not unduly modest. We're as proud as all get-out of our nearly two hundred years in the tobacco business. Of our special stocks of the world's most luxuri-

ous tobaccos. Of our matchless blending skill.

But we're content to offer you just rich, mellow smoking... unusually satisfying smoothness... flavor with a lilt you'll love. Is that what you want from a cigarette? Then try a pack of Old Golds. You'll enjoy 'em tremendously—that's all!

## Troopers Will End 20 Years With N. Y. Police

Cpl. Reilly and Dunn Were Stationed at Sidney Serving as Police Officers

Corporal Arthur A. Reilly of Kingston and Trooper Raymond Dunn of Phoenixia will complete 20 years of service with the New York State Police on May 1. Both troopers were members of "C" Troop at Sidney during the time they served the state as police officers.

In 1927 Corporal Reilly, whose home was in Creek Locks, joined the State Police and was assigned to the Monticello territory. He remained in the Sullivan county area until 1929 when with Sergeant John A. Hopkins, now retired, he was sent to open the Ellenville station. He came to Kingston in 1931. Until 1943 Corporal Reilly was stationed in this area, residing in Kingston. In 1940 he was assigned to the Bureau of Criminal Investigation, that branch of the State Police which is known as the "plain clothes" division. His specific duties were the investiga-

tion of homicides and deaths from violence in addition to other special investigations.

In 1943 Corporal Reilly was assigned to special duty in New York city to investigate Workmen's Compensation matters under the direction of the Morland Commission. When this work was completed he was assigned to Ulster county and continued the usual B.C.I. investigation. For a time he was stationed at Lake Katrine. At present he is attached to the Highland State Police barracks.

Trooper Dunn, a native of Binghamton, joined the State Police in 1927. During the time he served on the force he has been assigned to numerous stations in the counties served by "C" Troop. Several years of his service were in the Kingston area and for a time he was stationed at East Kingston.

Prior to the present practice of having troopers stationed at central barracks in strategic places, Trooper Dunn operated the Phoenixia station and later was transferred to Lake Katrine. Subsequently he was placed in charge of the Highland barracks. Now on vacation, Trooper Dunn has been stationed at Wurtsboro for some time and will return there at the expiration of his vacation.

Both Corporal Reilly and Trooper Dunn have made many friends during their residence in Kingston. From the law enforcement officials of the county they have earned a reputation for being highly efficient police officers.

## Columbia Students Visit Kingston Daily Freeman

Columbia University Graduate School of Journalism students annually visit The Freeman. One day is spent in observing the work done by editorial employees, and then a week later the students return to produce the paper as staff workers. Students who have visited The Freeman have been leaders in their school and later have gone out into responsible positions in many corners of the world. Today's edition of the Freeman represents the collective efforts of eight graduate students from the Columbia University School of Journalism.

The visit is arranged annually to provide practical training in newspaper production. Last week the students came to Kingston to acquaint themselves with the city and to observe the regular staff at work. Today they put out the paper under the supervision of the regular editors.

The group was headed by Gordon Kester, of Rochester, who acted as managing editor. Mr. Kester, a graduate of the University of Rochester, served in the U. S. Navy as a lieutenant (jg) from 1942 until 1946.

Stephen Davis, of Philadelphia, Pa., was city editor. A graduate of the University of Pennsylvania, Mr. Davis has had professional

publishing experience in New York city.

Other members of the group were:

Mr. Hummer explained that since the meat shortage had not been so serious this year some people thought it might not be profitable to sell eggs. They thought people would go more for meat than eggs. They neglected, he said, to consider that meat prices are still high and that Americans are eating eggs at a record rate.

## If You've Had Trouble Keeping a Budget.....

The main purpose of a budget is to see that outgo does not exceed income, that a certain amount is saved regularly. There's a simple way to accomplish this.

Here's how: First deposit a decided-upon amount of each income check in a savings account at this bank; deposit the rest in a checking account; then write checks for all cash and payment needs.

Your check stubs provide a bookkeeping system as simple as ABC. By saving FIRST, you feel more free to enjoy spending what's left. The plan works. How about it?

## Forests Dry, Brush Fires Menace to Local Area

Several small brush and forest fires burned in local areas early yesterday afternoon, Ray Winne, reserve fire warden, said today.

"The woods are awfully dry now and everyone should be careful with matches and cigarettes," he commented. "Why, the other day there was a fire right under the Gallis Hill tower, where some children had been playing."

Fires were said to have been fought in Ulster Park, Mt. Tremper, Pine Hill and The Vly. Mr. Winne said there was a small fire Monday on the Rosendale road, Route 32, about two miles out of Kingston.

Mrs. Tanks of Stone Ridge first noticed the fire at The Vly and notified Sheriff George Smith's office. The office then called the fire tower at approximately 1:15 p. m.

Valuable Equipment Sold  
Tokyo, April 30 (AP)—American equipment and supplies originally valued at \$30,000,000 have been sold to the Japanese government at about 30 per cent of the original cost, it was announced here today.

George S. Hammonds, Japan and Korea field commissioner for the Foreign Liquidation Commission, said more than 14,000 trucks, trailers and semi-trailers, which originally cost more than \$25,000,000 had been sold to the Japanese for about \$7,500,000.

## Gambler Fined \$500 On Fourth Offense

'Susie' Blair Receives Severe Sentence for Holding 'Policy' Illegally

Newburgh, April 29—The most severe sentence ever imposed on a gambler in Recorder's Court was meted out to Clarence "Susie" Blair, 48, of 36 Van Ness street today.

Blair pleaded guilty on a charge of illegally possessing "policy" slips and was fined \$500 by Recorder Anthony J. Favino.

First offenders in such cases have in the past been fined \$50 or \$100. Blair has been sentenced three times previously on gambling charges in the past twenty years.

Blair was arrested March 26, and his attorney, Michael Moses, had previously indicated that his client would stand trial. He changed his plea to guilty, Mr. Moses said today, because the charges had been publicized, thus creating a prejudice in the minds of the people.

Last Friday, while awaiting trial on a charge of possessing "policy" slips, At that time he was fined \$125 by Magistrate Charles W. Terry, who also confiscated \$35.30 which Blair had in his possession. The money was turned over to the town welfare commissioner.

Besides having been sentenced on three other gambling charges in the last twenty years, Blair has been present on two occasions when Newburgh clubrooms were held up by armed bandits.

On March 28, 1946, he was arrested, and pleaded guilty to a charge of being a common gambler.

Not an Old Goat, Just A Young Kid of 10 Weeks

The snow-white animal tethered on the court house lawn may be a goat—but it's not an old goat yet!

Tony Alecca, janitor at the court house, who is acting as "gamekeeper" along with Miss Eleanor Young of the county treasurer's office, said the report that the goat was 10 years old was slightly exaggerated. Mr. Alecca said the goat is really 10 weeks old.

The goat was presented to Jay Rifenburg, chairman of the Ulster county drive of the American Cancer Society, by Mrs. August Belz of Bloomington to help raise funds. The Daily Freeman on Tuesday carried a front-page picture of little Mary Ann Lynch of 25 O'Neil street, and Mr. Rifenburg admiring the animal.

Ultimately the goat will become the property of some contributor to the cancer fund.

## Financial and Commercial

New York, April 30 (AP)—The stock market reached for recovery today under the leadership of steels, motors and chemicals. Industrials pushed ahead fractions to a point on early bidding only to settle into a narrow range as activity subsided. Another flurry of demand came after noon, bringing gains ranging to 3 points. Price changes were largely on the upside near the fourth hour.

Encouraging overnight news on earnings, portal, pay legislation and telephone strike developments stirred no wide response. Some professional bidding was credited to hopes for a comeback. Restraining sentiment were persisting doubts over wage-price relationships, foreign affairs and tax legislation.

Showing the best advances were U. S. Steel, Republic Steel, Bethlehem, General Motors, Anaconda, American Can, Great Northern Preferred, Union Pacific, Montgomery Ward, du Pont, Dow Chemical, American Woolen, New York Central, U. S. Rubber, International Nickel, Eastman Kodak and American Telephone. Pacific Western Oil took a further slide after recent gains on merger talk. Bonds were narrow. Commodities were mixed.

## Forests Dry, Brush Fires Menace to Local Area

Several small brush and forest fires burned in local areas early yesterday afternoon. Ray Winne, reserve fire warden, said today: "The woods are awfully dry now and everyone should be careful with matches and cigarettes," he commented. "Why, the other day there was a fire right under the Gallis Hill tower, where some children had been playing." Fires were said to have been fought in Ulster Park, Mt. Tremper, Pine Hill and The Vly. Mr. Winne said there was a small fire Monday on the Rosendale road, Route 32, about two miles out of Kingston. Mrs. Taulis of Stone Ridge first noticed the fire at The Vly and notified Sheriff George Smith's office. The office then called the fire tower at approximately 1:15 p. m.

## Valuable Equipment Sold

Tokyo, April 30 (AP)—American equipment and supplies originally valued at \$30,000,000 have been sold to the Japanese government at about 30 per cent of the original cost, it was announced here today. George S. Hammond, Japan and Korea field commissioner for the Foreign Liquidation Commission, said more than 14,000 trucks, tractors and semi-trailers which originally cost more than \$25,000,000 had been sold to the Japanese for about \$7,500,000.

## Gambler Fined \$500 On Fourth Offense

### 'Susie' Blair Receives Severe Sentence for Holding 'Policy' Illegally

Newburgh, April 29—The most severe sentence ever imposed on a gambler in Recorder's Court was meted out to Clarence "Susie" Blair, 48, of 36 Van Ness street today.

Blair pleaded guilty on a charge of illegally possessing "policy" slips and was fined \$500 by Recorder Anthony J. Favino.

First offenders in such cases have in the past been fined \$50 or \$100. Blair has been sentenced three times previously on gambling charges in the past twenty years.

Blair was arrested March 26, and his attorney, Michael Moses, had previously indicated that his client would stand trial. He changed his plea to guilty. Mr. Moses said today, because the charges had been publicized, thus creating a prejudice in the minds of the people.

Last Friday, while awaiting trial on this charge, Blair was arrested by the State Police in Newburgh on a charge of possessing "policy" slips. At that time he was fined \$125 by Magistrate Charles W. Terry who also confiscated \$35.30 which Blair had in his possession. The money was turned over to the town welfare commissioner.

Besides having been sentenced on three other gambling charges in the last twenty years, Blair has been present on two occasions when Newburgh clubrooms were held up by armed bandits.

On March 28, 1946, he was arrested, and pleaded guilty to a charge of being a common gambler.

### Not an Old Goat, Just A Young Kid of 10 Weeks

The snow-white animal tethered on the court house lawn may be a goat—but it's not an old goat yet.

Tony Alecca, janitor at the court house, who is acting as "gamekeeper" along with Miss Eleanor Young of the county treasurer's office, said the report that the goat was 10 years old was slightly exaggerated. Mr. Alecca said the goat is really 10 weeks old.

The goat was presented to Jay Rifenburg, chairman of the Ulster county drive of the American Cancer Society, by Mrs. August Belz of Bloomington to help raise funds. The Daily Freeman on Tuesday carried a front-page picture of little Mary Ann Lynch of 25 O'Neill street, and Mr. Rifenburg said the goat will become the property of some contributor to the cancer fund.

### N. Y. Plans for Legion Convention on Aug. 28

The 1947 National Convention Corporation of New York has all plans prepared for staging a successful 29th National American Legion Convention there August 28 to 31.

The president of the corporation is Donald Underhill, Jr., C. Hitchcock, who is the city editor of the Evening Times at Glens Falls. Serving as honorary presidents are Governor Thomas E. Dewey and New York's Mayor William O'Dwyer. National Convention Director Ed McGrail is the corporation secretary. Treasurer Edmund J. O'Keefe of New York rounds out the committee.

### Dennis Is Indicted

Washington, April 30 (AP)—A federal grand jury today indicted Eugene Dennis, secretary of the Communist party in the United States, on charges of contempt of Congress. The jury also returned a similar indictment against Leon Josephson, New York attorney, who was accused by the House committee on Un-American Activities of obtaining passport passports for Communist leaders.

## Financial and Commercial

New York, April 30 (AP)—The stock market reached for recovery today under the leadership of steels, motors and chemicals.

Industrials pushed ahead fractions to a point on early bidding only to settle into a narrow range as activity subsided. Another flurry of demand came after noon, bringing gains ranging to 3 points. Price changes were largely on the upside near the fourth hour.

Encouraging overnight news on earnings, potential legislation and telephone strike developments stirred no wide response. Some professional bidding was credited to hopes for a comeback. Restraining sentiment were persisting doubts over wage-price relationships, foreign affairs and tax legislation.

Showing the best advances were U. S. Steel, Republic Steel, Bethlehem, General Motors, Anaconda, American Can, Great Northern Preferred, Union Pacific, Montgomery Ward, du Pont, Dow Chemical, American Woolen, New York Central, U. S. Rubber, International Nickel, Eastman Kodak and American Telephone. Pacific Western Oil took a further slide after recent gains on merger talk. Bonds were mixed.

### China Missionary Addresses W.S.C.S. Meeting Recently

Miss Edna Merrill, on furlough from missionary work in China, addressed the initial meeting of the Woman's Society of Christian Service, Group Six, of the Methodist churches of Kingston district recently in Clinton Avenue Church.

Miss Merrill spoke of her work, stressing particularly the need for educational materials, Bibles and hymns which she has encountered.

Other speakers were the Rev. B. F. Farr, district superintendent, who explained the advantages of the recent subdividing of the Kingston area into three parts, and the Rev. William H. Peckham, pastor of the church, who welcomed the group. Mrs. D. N. Severe told the meeting that their purpose was to become better acquainted with each other and the work of the W.S.C.S.

The program was concluded with a roll call of the churches in Group Six, which include the following: St. James, Trinity, and Clinton Avenue of Kingston; Saugerties, Glensco, East Kingston, Connelly, Port Ewen, Esopus, Rifton, Eddyville, Olive Bridge, Samsonville, The Vly, West Hurley, Glenford, Ashland, Woodstock, Wittenberg, and Shady, Willow.

The meeting closed with the benediction by the Rev. Mr. Farr.

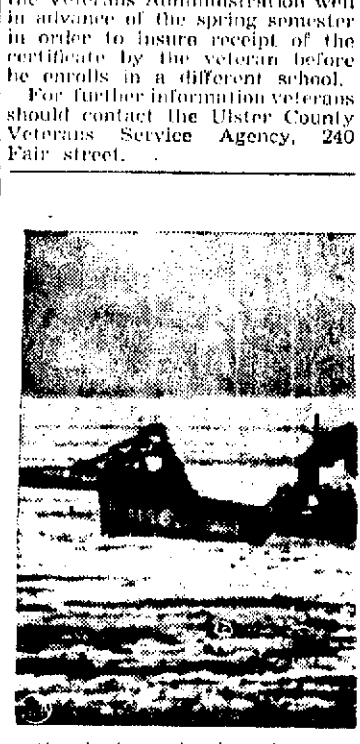

### To Recommend Minimum

Atlanta, April 30 (AP)—A minimum salary of \$2,400 a year and living quarters for married ministers will be recommended to the Presbyterian Church when its general assembly meets May 29 in Montreal, N. ## Local Death Record

Mrs. Nellie M. Johnson, wife of Martin Johnson, died Tuesday at Chichester. Besides her husband she is survived by one son, Raymond; a brother, Royal Morris; a nephew, Svenn of Chichester. Funeral services will be held from her late residence Friday afternoon at 2 o'clock. The Rev. Charles Edgington, pastor of the Greenwich Methodist Church, officiated. Burial will be in the Shandaken Rural cemetery.

The funeral of Mrs. William Kelly was held Tuesday morning at 9:45 o'clock from 561, Sixty-second street, Brooklyn. A solemn high Mass of requiem was offered at 9 o'clock at the Church of Our Lady of Perpetual Help. Burial was in St. Mary's cemetery, where the final absolution and blessing was given by the Very Rev. Monsignor Martin J. Drury, P.R., V.F., assisted by the Rev. Francis Molony.

The funeral of Peter J. Brett of Maple Hill was held Tuesday morning at 9:30 o'clock from the George J. Moylan Funeral Home in Rosendale. The service was largely attended by the many friends and relatives. There was a profusion of flowers and Mass cards, tokens of the high esteem in which the deceased was held. A high Mass of requiem was held at 10 o'clock at St. Peter's Church in Rosendale with the Rev. John F. Brennan in charge. Anthony Bonacci was soloist and he was accompanied by Mrs. Frank Rafferty at the organ. Burial took place in the family plot in St. Theresa's cemetery, Summit, N. J.

John A. Grabau, a retired farmer of Gardiner, died at his home yesterday, following a long illness. Mr. Grabau, who was 77 years old, was born in Germany, the son of the late Henry and Catherine Menken Grabau. He came to the United States about 63 years ago and settled in Gardiner where he operated a large farm until his retirement a few years ago. Surviving are two daughters, Mrs. Irving Oils of Gardiner; and Mrs. Frederick Schoonmaker of Troy; five grand-children and several nieces and nephews. He was a member of the Odd Fellows Lodge. Funeral services will be held at the V. T. Pine Funeral Home, New Paltz, on Friday, May 2, at 2 p. m., with the Rev. John Dykstra, pastor of the Gardiner Reformed Church, officiating. Burial will be in the New Hurley Cemetery.

## Aleman Sees Sights

Washington, April 30 (AP)—Miguel Aleman, President of Mexico, embarked on a sight-seeing tour of Washington with President Truman giving him a cheery sendoff from the White House and calling him "a grand guy." Mr. Truman shook hands with the visiting chief of state and members of his party at the exit of the south portico of the White House, where Mr. Aleman spent the night.

## Peace Ratification Urged

Washington, April 30 (AP)—Secretary of State Marshall is pressing for early ratification of four European peace treaties despite a move by some senators to delay action until Russia shows signs of compromising differences over Germany and Austria. Agreements with Italy, Bulgaria, Rumania and Hungary have been pending since they were signed in Paris early in February.

## Lend-Lease Talks

Washington, April 30 (AP)—Russia's "secret" list of American lend-lease equipment which escaped wartime destruction is due for disclosure during the long-delayed settlement talks opening today. The United States in previous settlements with other nations has not asked payment for strictly military supplies such as guns, tanks and war planes, but it has reserved the right to "recapture" them.

Home Bureau Reviews  
Activities for History

Mrs. Edward Young, Sr., of Milton, who is gathering material for writing the history of the Ulster County Home Bureau, met on Monday, April 28, with former chairmen who reviewed program and activities of the past 30 years and helped select outstanding events that should be included.

Those who were present at the discussion in addition to Mrs. Young are Mrs. Charles Smith of Saugerties, Mrs. Irving Barnes and Mrs. Willard Jenkins of New Paltz, Mrs. Frank Black of Modena, Mrs. William Warren of Hurley, president of the Ulster County Farm and Home Bureau and 4-H Club Association, and Mrs. David DuBois of New Paltz, present chairman.

Manville Estate  
Net \$1,906,450Gross Assets Were Figured  
at \$14,499,540

New York, April 30 (AP)—Hiram Edward Manville, retired chairman of the Board of the Johns Manville Corporation, left a net estate of \$1,906,450 after deductions including debts of \$9,019,847.

Manville died June 27, 1944. He lived in Pleasantville, N. Y. Gross assets in the estate totaled \$14,499,540.

The principal asset consisted of securities valued at \$14,159,273 of which \$14,111,380 was the appraised value of 8,200 shares of

Stellar Corporation, a Holding Corporation personally owned by the decedent. It was to this corporation that Manville owed \$882,978 of the estate's total indebtedness.

Manville bequeathed \$337,334 in cash and personal effects to his widow Mrs. Henrietta Estelle Romaine Manville, of Pleasantville, N. Y. To his daughter the Countess Estelle Bernadotte, of Sweden, he left cash amount to \$249,513 and to his son H. Edward Manville, Jr., of Lyme, Conn., cash amounting to \$187,500.

In addition the son and daughter receive the income for life of one-third each of the residuary estate of \$3,859,795.

The income from the remaining residuary share plus remaining interests in the trusts for his children go to the trustees of the Hiram Manville Foundation for religious, educational and charitable purposes.

The beneficiaries also included a friend W. L. Richardson, of Pleasantville, N. Y., who receives \$175,000.

SHOKAN

Shokan, April 29—The spring supper given by the Ladies Aid Society in the Shokan Reformed Church basement Wednesday evening was attended by a large number of persons. The net proceeds amounted to \$75. Mrs. Earl Elmendorf was in charge of the dining room. Mrs. J. H. Shurter and Mrs. Fred Adisi, the supper committee, desire to thank every one who contributed to the success of this pleasing social affair.

Alva Chase, well known Woodstock lumberman, was a recent business caller in Shokan.

Mrs. Frank Barringer of the north reservoir boulevard observed her 70th birthday last Sunday. Mrs. Barringer is one of the few local women who resided in the west side old village "before the waterworks."

Mrs. Alfred Iapoco of Ashokan is reported to have undergone a major operation at a Kingston hospital last week.

Clyde Winchell has improved his village lot by parking the strip between the telephone trunkline and Route 28.

A real estate transfer of April 29, 1893, was that of Andrew P. Avery, Jr., to Sarah Avery, his wife. Mr. Avery, who had a farm near Watson Hollow, was the father of Grant Avery, Olive.

## HIDE your Deafness

WITH BELTONE'S NEW "INVISIMOLD" Single Unit HEARING AID ALMOST INVISIBLE NO BUTTON IN THE EAR

Good Grooming Requires It

NOW—you will not hesitate to wear a hearing aid as much as you need it and wherever you need it. Beltone's "Invisimold" will give you added assurance in social and business relationships.

Just as the single unit is rapidly displacing the bulky and inconvenient separate battery cord and battery-pack, Beltone's Single Unit Invisimold Hearing Aid will replace the old style aids with a conspicuous button in the ear.

We love 'em in December  
as we do in May

REMEMBER the day you first romped away in that Buick of yours? How those eight Fireball cylinders fairly floated you over the hills—how those road-steady two tons of lively car answered sweetly every light touch of your hand on the wheel—how you glided along with foursquare BuCoil springing smoothing every wrinkle in the road?

That's what your Buick was built to do. Years and years of that kind of driving are in it—especially when it gets the interested, informed car care this fine an automobile should have.

That doesn't mean just periodic lubrication, a body wash, battery check or bolt-tighten. It means thorough attention by competent Buick men—attention that keeps a Buick always a Buick.

Buicks are our babies. Even the smallest details are handled the way they should be for a Buick. We have Buick tools that do jobs better and quicker. We have men who know Buicks best. We have Buick-engineered parts that are precisely right for your car.

Put that all together and it's Buick car care.

Pretty clear, isn't it, that here is where your Buick will receive the best attention? After all, we love 'em heart and soul.

## "TOP" SECRET

One of the things that play a part in Fireball snap is Buick's wafer-thin steel cylinder gasket. Just 15 thousandths of an inch thick, it's a "must" for the high compression this powerful straight-eight is designed for. Other kinds that are thicker cut down the compression and the car's liveliness.

In carbon and valve jobs, or any other where this gasket must be replaced, only this Buick gasket will assure the fit Buick engineers intended. No wise Buick owner would have any other in his engine.

Just another example of how you get more for your money—in major adjustments, tune-ups, lubrication or anything your car needs—when you make sure it gets Buick car care.

Home Bureau Reviews  
Activities for History

Mrs. Edward Young, Sr., of Milltown, who is gathering material for writing the history of the Ulster County Home Bureau, met on Monday, April 28, with former chairmen who reviewed program and activities of the past 30 years and helped select outstanding events that should be included.

Those who were present at the discussion in addition to Mrs. Young are Mrs. Charles Smith of Saugerties, Mrs. Irving Barnes and Mrs. Willard Jenkins of New Paltz, Mrs. Frank Black of Madera, Mrs. William Warren of Hurley, president of the Ulster County Farm and Home Bureau and 4-H Club Association, and Mrs. David DuBois of New Paltz, present chairman.

Manville Estate  
Net \$4,906,450Gross Assets Were Figured  
at \$14,499,540

New York, April 30 (AP)—Ethan Edward Manville, retired chairman of the Board of the Johns Manville Corporation, left a net estate of \$4,906,450 after deductions including debts of \$9,019,847, it was shown in an estate tax appraisal filed yesterday by Deputy State Tax Commissioner Charles W. Ferry.

Manville died June 27, 1944. He lived in Pleasantville, N. Y.

Gross assets in the estate totaled \$14,499,540.

The principal asset consisted of securities valued at \$14,159,273 of which \$14,111,390 was the appraised value of 8,260 shares of

Stellar Corporation, a holding corporation personally owned by the decedent. It was in this corporation that Manville owed \$8,882,078 of the estate's total indebtedness.

Manville bequeathed \$337,334 in cash and personal effects to his widow Mrs. Hendetta Estelle Rommance Manville, of Pleasantville, N. Y. To his daughter the Countess Estelle Bernadotte, of Sweden, he left cash amount to \$249,543 and to his son, H. Edward Manville, Jr., of Lyme, Conn., cash amounting to \$187,500.

In addition the son and daughter receive the income for life of one-third each of the residuary estate of \$3,839,795.

The income from the remaining residuary share plus remainder interests in the trusts for his children go to the trustees of the Hiram Manville Foundation for religious, educational and charitable purposes.

The beneficiaries also included a friend W. L. Richardson, of Pleasantville, N. Y., who receives \$175,000.

## SHOKAN

Shokan, April 29—The spring supper given by the Ladies' Aid Society in the Shokan Reformed Church basement Wednesday evening was attended by a large number of persons. The net proceeds amounted to \$75. Mrs. Earl Elmdorf was in charge of the dining room. Mrs. J. H. Shurter and Mrs. Fred Adsit, the supper committee, desire to thank every one who contributed to the success of this pleasing social affair.

Alva Chase, well known Woodstock lumberman, was a recent business caller in Shokan.

Mrs. Frank Barringer of the north reservoir boulevard observed her 70th birthday last Sunday. Mrs. Barringer is one of the few local women who resided in the west side village "before the waterworks."

Mrs. Alfred Inpace of Ashokan is reported to have undergone a major operation at a Kingston hospital last week.

Clyde Winchell has improved his village lot by parking the strip between the telephone trunkline and Route 28.

A real estate transfer of April 29, 1893, was that of Andrew P. Avery, Jr., to Sarah Avery, his wife. Mr. Avery, who had a farm near Watson Hollow, was the father of Grant Avery, Olive.

Our Old Timer isn't having much luck with the brook trout this season. Like most fishermen, O. T. has a handy alibi: the

### St. Paul's Couples Announce Minstrel Date Next Month

The minstrel show which the Couples Club of St. Paul's Lutheran Church will give May 14 at 8 p. m. is being arranged by Herman LaTour who has produced it with Mrs. M. Cole as pianist. Six endmen will provide the fun with Robert Dixon as interlocutor. The endmen are William Newkirk, William Murray, Harry Marquart, Michael Fabiano, Donald Weeks, Sr., and Frederic Boss.

There are 16 members on the program with 18 members in the chorus. Following the minstrel show, four numbers will be given in the Ohio Section of the program. These will include dramatic exhibitions of The Ginger Cat by Barbara Wolfersheim; comedy skit by the Gold Dust Twins, Robert Tremper and Donald Kemper; comedy skit, Down South by Joseph Bosco and Ronald Steeger; and a song by Donald Wells, Jr., selected from Walter Disney's show, "Song of the South."

### 20th Century Club Re-Elects Officers At Annual Meeting

All officers were re-elected for a second year by Twentieth Century Club at its annual meeting Monday afternoon at the home of Miss Alice Scardfield, 317 Clinton avenue. They are Mrs. DeWitt Wells, president; Mrs. Raymond Woodward, vice president; Mrs. E. O. Allen, secretary; and Miss Mary Ingalls, treasurer.

Annual reports were read. Contributions were voted to the Y.M.C.A., Y.W.C.A., fall drive and the Library Association.

A notice of the third district meeting for the Federated Women's Clubs at Cobleskill May 9 was read.

The closing event of the year for Twentieth Century Club will be a dinner at Ye Nieuw Drop in Hurley, May 14. Members needing transportation to the dinner are asked to call Mrs. R. H. D. Boerker, telephone 2425-J.

Opera was the subject considered for the afternoon and Mrs. Boerker gave a paper on the opera defining it as the largest musical form, the drama set to music. She noted that Italy was the birthplace of the earliest known opera about 1597. Only four musical instruments were used at that time. The first public open house was built in Vienna in 1637. Previous to that opera had been for the nobility and aristocracy only. She mentioned composers of all the periods from the earliest Italian to the present day, giving characteristics and some of the noted operas of each. Recordings of operas from the different periods were played.

At the conclusion of the program tea was served.

**New Paltz Man  
Engaged to Wed**

New York, April 29 (Special)—Andrew A. Sinagra of New Paltz, and Miss Philomena R. Grandinetti, a student of 8 Wisconsin avenue, Massapequa, N. Y., were issued a marriage license here today at the City Clerk's Office.

The couple said their marriage would take place soon.

Mr. Sinagra was born in Summit, N. J., the son of Philip and Rose B. Sinagra. His prospective bride, the daughter of Rosabino and Mary F. Grandinetti, is a native of Brooklyn.

### Golden Anniversary Today of Former Stars Of Many Broadway and Vaudeville Shows

Connelly, N. Y., April 30—Mr. and Mrs. James K. Wesley, for many years the "Jiggs and Maggie" of the musical comedy "Bringing Up Father", in the Gus Hill shows and in vaudeville, celebrate their fiftieth wedding anniversary today.

They were married in New York city in 1897. Mr. Wesley came to the United States from Scotland in 1888.

Mr. Wesley played the title role in the original production of "The Wizard of Oz" with Montgomery and Stone on Broadway and on the road, also starring in various other plays and vaudeville shows.

In these days Mr. and Mrs. Wesley were known as Wesley and White, famous for their vaudeville sketches. They played many times in the old Opera House in Kingston. Since 1916, however, they have resided in Connelly, after their retirement as entertainers.

Mr. Wesley retired last year as an employee of Hercules Powder Co., Port Ewen, after serving nearly 20 years with the firm. The couple have two children, James, Jr. of California and Charles of Port Ewen. A daughter, Janet, died some years ago.

During the engagement, Mrs. Wesley did her bit serving meals to soldiers and war workers. In World War One it was the 71st Regiment, guarding the West Shore Bridge who benefited, and in the late war, the navy and government men from the Hiltbrant Dry Dock Co.

Mrs. Wesley is a member of Clinton Chapter 445, O.E.S., and Past Matron of Mystic Court 62, O. of A. and other fraternal organizations. She and her husband are members of the Port Ewen Reformed Church.

### Lena Perry Bride Of George F. Nagy At St. Mary's Church

The marriage of Miss Lena Perry, daughter of Mr. and Mrs. Peter Perry, to George F. Nagy, chief gunner's mate, U.S.N., was performed Sunday by the Rev. Francis J. Molony at St. Mary's Church. The bridegroom is the son of Mr. and Mrs. John Nagy of Flatbush.

The bride wore a transparent white gown of medieval princess design with sheer, bead-embroidered yolk and a full train. On her head she wore a tiara of white bugle beads, catching a full-length illusion veil. Her bouquet was of calla lilies.

Miss Lena Weider, as bridesmaid, wore a yellow chiffon gown and carried blue lilies.

John Nagy, brother of the bridegroom was best man.

Leaving on a wedding trip to Canada, the bride chose a black suit and accessories, with a corsage of yellow tea roses.

Mrs. Nagy will live for the present in New York city.

### HURT FEELINGS OF CLUB MEMBERS

The overexaggeration of an obviously unintentional slight in noon notifying each individual member of a small bridge club that one of their members would not be able to continue her membership next season has caused a rift in the friendships of a dozen otherwise mature women.

The situation was caused by lack of club officers. When Amy Adams found she could not continue to give her time to the club, she explained her situation to one member and asked her to explain to the others. Receiving this message "second-hand" (as they considered it) was regarded, as an unfriendly act. Not only that, but a certain degree of resentment is felt against Bertha Brown who carried Amy's message to the club.

Resignation from a formal club always is written to the secretary. From a very small club, it might be "explained" to the president.

In this particular case, it is now clear that she should have explained her situation at a club meeting. But if she did not explain while the meetings were in session, 10 additional letters of explanation seem a good deal of effort for a busy person to make. As a matter of fact, had she written the 10 letters, she might have been criticized for overexaggerating her own importance.

Dear Mrs. Post: At a house wedding (1) do the ushers walk in the procession and (2) what are their duties if a majority of the guests are not to be seated?

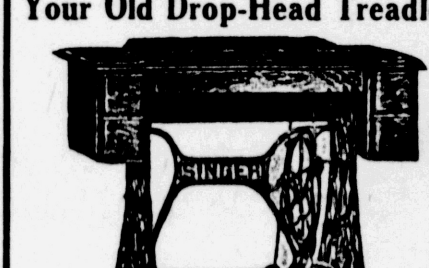

Answer: (1) Yes. (2) They show the guests who arrive where to stand and afterwards make themselves useful in whatever way they can, as at every wedding.

Dear Mrs. Post: Is one supposed to thank everyone who sent congratulations on the birth of our baby? These came in the form of printed cards, notes and telegrams.

Answer: Notes and telegrams should be thanked for. It is not necessary, however, to write thank-you notes for greeting cards.

### Catskill Glee Club Will Sing Sunday In Special Service

A special music service will be held Sunday evening at St. James Methodist Church when the Sanctuary Choir will present the Catskill Glee Club. The choir chose the club of more than 60 singing members because of its outstanding record as a glee club in the Hudson Valley and feels it will assure both a real spiritual and musical uplift.

The service is of three fold significance. It will be held in recognition of National Music Week; as a dedicatory tribute to the late Mark Andrews for his innumerable choral compositions bequeathed to all music lovers; and as a sacred salutation to the Rev. and Mrs. Merrill C. Johnson who come to the ministry of St. James Methodist Church Sunday.

In addition to the numbers to be sung by the club, Roland E. (This is one of the happiest things in their favor.)

Mrs. Post says, "An afternoon tea is the most popular, as well as the simplest expression of hospitality that exists." How to give a tea and what to serve is explained in Mrs. Post's leaflet, "Afternoon Tea." To obtain a copy, send 5 cents in coin and a stamped self-addressed envelope to her, care of Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y. Mrs. Post is sorry she cannot answer personal mail.

(Released by The Bell Syndicate, Inc.)

Heermance, who is also conductor, will sing "The Living God," by Geoffrey O'Hara; and Sue Warrington, soprano, will sing, "The Lord Is My Shepherd," Curran.

As an honorarium to his friend, teacher and associate, the late Mark Andrews, C. Franklin Pierce, minister of music at St. James Church will play his "A Minor Organ Sonata."

At this service, the Rev. James H. Russell, the Rev. C. John Westoff and the Rev. J. Reynolds

Pitaker will take the spoken word parts.

Evelyn Porter will be at the piano and Mr. Pierce at the organ. The Sanctuary Choir will act as host to the Catskill Club at a snack buffet supper prior to the service.

### Wine Is War Prize

The famed Rhine wine of former years, used by the Nazis in wartime for distilling pure alcohol necessary for V2 production, now is being seized by the French as reparations. Coblenz reports. Grape juice is being taken to transform it into basic alcohol for perfume manufacture. "The more of our wine they use for alcohol to make export perfumes, the more of their own wine they will have for domestic needs and export," explained one Rhineland vintner. "They are requisitioning about 90 per cent of our vintage."

### Robert J. Clark, Katherine Barten Married Sunday

Miss Katherine Eleanor Barten, daughter of Mr. and Mrs. Frank T. Barten of 108 Foxhall avenue, was united in marriage to Robert Joseph Clark, son of Mr. and Mrs. Robert T. Clark, Port Ewen, Sunday at 2 p. m. in Trinity Evangelical Lutheran Church. The double ring ceremony was performed by the Rev. Frank Lawrence Gollnick, pastor.

Miss Lucinda Merritt was organist. Mrs. John Walker sang, "At Dawning, Because and O, Perfect Love." The altar was decorated with white flowers.

Mr. Barten gave his daughter in marriage. She wore a white brocaded gown made with long sleeves, net inset neckline and net train. Her veil was fingertip length and she carried a white prayer book covered with gardenias and lilies of the valley.

Miss Helen Barten was maid of honor for her sister. She wore a blue nylon gown with matching headpiece and carried a blue satin muff of violets.

Wesley Clark of Port Ewen, brother of the bridegroom, acted as best man. Ushers were Frederick Clark, uncle of the bridegroom, and Theodore Barten, brother of the bride.

A reception for approximately 150 guests was held at the home of the bride's parents, Mr. and Mrs. Clark left for a wedding trip to New York and Long Island. For traveling the bride selected a peach net dress with grey beige coat, brown accessories and a gardenia corsage. They will make their home in Port Ewen.

Mrs. Clark attended Kingston High School and is employed by the New York Telephone Co. Mr. Clark was graduated from Kingston High School, served 38 months in the navy and was in the Pacific area for 12 months. He is employed by the U. S. Lace Curtain Mills.

### Dorothy Maynor Chosen for Third Concert; Membership Campaign Will Be Next Week

Dorothy Maynor, internationally famed soprano, will sing here in next season's series of concerts. N. LeVan Haver, president of Kingston Community Concerts Association, announced today.

The association, whose membership drive will be held next week (May 5 through 11), previously announced the appearance of The Rochester Symphony Orchestra and Whittemore and Lowe, duo-pianists.

The selection of Miss Maynor for the third concert was made at a meeting of the artists' committee Tuesday night at the home of Mrs. Benjamin W. Johnston, Clinton avenue. The group met with Lawrence Bernhardt, Eastern manager of the Community Concerts Association, who is assisting the Middletown association with their membership drive. Miss Maynor

was endorsed by Dr. Mortimer Clark, president of the Middletown Community Concert Association, who reported that the soprano had "completely thrilled" Middletown audiences in a recent series.

Dr. Clark attended the meeting with Mrs. Bernhardt. All memberships must be obtained during next week and admission to concerts is by membership card only. No tickets will be sold for any single concert. Membership dues cover admission to the concerts.

Anyone is eligible to become a member of the Kingston Community Concerts Association, a non-profit organization. Memberships may be obtained from any workers in the drive next week or at headquarters in the Governor Clinton Hotel.

### Personal Notes

### John Mayone Weds Janet R. Cahill At Poughkeepsie

Miss Janet Ruth Cahill, daughter of Mr. and Mrs. George Cahill, 218 South avenue, Poughkeepsie, became the bride of John Raymond Mayone, son of Mr. and Mrs. John J. Mayone of 83 Cedar street, at St. Peter's Church, Poughkeepsie Sunday. The double-ring ceremony was performed at 2:30 p. m. by the Rev. J. McCullough.

Miss Virginia Guadagnola of Kingston sang "Mother Beloved" and "Ave Maria." Calla Lilies decorated the altar of the church.

Given in marriage by her father, the bride wore a white satin, hoop-skirted gown with long sleeves and train. The marquisette yoke was joined to a fitted bodice with seed pearls. Her fingertip, lace-trimmed veil was caught to a coronet headpiece of seed pearls, and she carried an old-fashioned bouquet of white roses and carnations.

Miss Ruth Cahill, maid of honor, wore maize marquisette and carried a nosegay of yellow rosebuds and white carnations.

The four bridesmaids, dressed in nile green and pale orchid marquisette, were the Misses Gloria and Eleanor Mayone, sisters of the bridegroom, and Patricia Oulton and Helen Bentz of Poughkeepsie.

Miss Patricia Cahill, sister of the bride, was flower girl, wearing pink organdy and carrying a miniature nosegay of pink carnations. Anthony Erena Jr., was ringbearer.

The best man was Louis Sapp, George Cahill Jr., brother of the bride, Frederick O'Rourke, Peter Mancuso and Francis Oulton acted as ushers.

After the wedding a reception was held at the Germania Club, Poughkeepsie. Music was provided by Johnny Knapp's orchestra.

Mr. and Mrs. Mayone left for Washington and points south for their wedding trip. The bride chose a light blue gabardine suit with pink and black accessories for traveling.

The bridegroom, who received his discharge from the U. S. Marine Corps in November, 1945, after three years service, is now employed with Joseph Saccamano, realtor.

Mr. and Mrs. Mayone will make their home at 83 Cedar street, Kingston.

## John Mayone Weds Janet R. Cahill

### At Poughkeepsie

Miss Janet Ruth Cahill, daugh-  
ter of Mr. and Mrs. George Cahill,  
218 South avenue, Poughkeepsie,  
became the bride of John Ray-  
mond Mayone, son of Mr. and Mrs.  
John J. Mayone of 83 Cedar  
street, at St. Peter's Church,  
Poughkeepsie Sunday. The doub-  
ling ceremony was performed at  
2:30 p. m. by the Rev. J. McCul-  
lough.

Miss Virginia Guadagnola of  
Kingston sang "Mother Below" and  
"Ave Maria." Cells Lilies  
decorated the altar of the church.  
Given in marriage by her father,  
the bride wore a white satin,  
hoop-skirted gown with long  
sleeves and train. The bride  
chose a light blue gaudine suit  
with pink and black accessories  
for traveling.

The bridegroom, who received  
his discharge from the U. S.  
Marine Corps in November, 1945,  
after three years service, is now  
employed with Joseph Succaman,  
realtor.

Mr. and Mrs. Mayone will make  
their home at 83 Cedar street,  
Kingston.

The four bridesmaids, dressed in  
pink, green and pale orchid mar-  
quisette, were the Misses Gloria  
and Eleanor Mayone, sisters of  
the bridegroom, and Patricia Oul-  
ton and Helen Benz of Pough-  
keepsie.

Miss Patricia Cahill, sister of  
the bride, was flower girl, wear-  
ing pink organza and carrying a  
miniature nosegay of pink carna-  
tions. Anthony Erena Jr., was  
ringbearer.

The best man was Louis Sapp,  
George Cahill Jr., brother of the  
bride, Frederick O'Rourke, Peter  
Mancuso and Francis Oulton acted  
as ushers.

After the wedding a reception  
was held at the Germania Club,  
Poughkeepsie. Music was provided  
by Johnny Knapp's orchestra.

Mr. and Mrs. Mayone left for  
Washington and points south for  
their wedding trip. The bride  
chose a light blue gaudine suit  
with pink and black accessories  
for traveling.

The bridegroom, who received  
his discharge from the U. S.  
Marine Corps in November, 1945,

# Dodgers Announce Starting Lineup for Thursday's Opener

## Two Players Given Releases; Catcher Added to Roster

Insisting that his choices were definitely of the tentative nature pending any last minute changes, Manager George "Sugar" Scherger has released his starting lineup for the Kingston Dodgers who will open the 1947 North Atlantic League baseball season Thursday night in Bloomingdale.

Scherger's choices were given to The Freeman sports department by Business Manager Paul Taylor who carried out the manager's insistence that the lineup was tentative.

### Corrigan Will Catch

The Dodgers will open the campaign with Don Warfield on first, Manager Scherger at the key-stone sack, either Frank Verbanac or "Knobby" Rosa at third and Johnny Starozzyk at short. The pitcher line will be occupied by Jim Williams in left, either Jerry Orelman or Bob Boynton in center and Jim Cahill in right. Tom Corrigan, Tillson youth who has played with the Kingston Recreationists, will be the starter behind the plate. Scherger has listed either Tom Seddon or Cutter to do the hurling.

Taylor, in releasing the starters, said that the Dodger roster has now been pruned to 19 players on the actual playing roster with the release of two players and the suspension of three.

The Dodgers gave pink slips to Joe Havens, Poughkeepsie outfielder, and Dick Flynn, catcher from Montreal last night. Taylor also said that three Dodger players had been suspended due to their failure to report for training in Kingston.

### Sign New Catcher

Taylor also announced this morning that Rudy Antonetz, big catcher, had been purchased from the Thomasville, N. C., club. "This boy comes here with a fine recommendation," Paul commented today. "I am sure he'll help our club at lot."

The Dodger spokesman went on to add that Antonetz played 22 games with Olean in 1946 and had a batting average of .333. His runs-batted-in mark for the 22 tilts were 23 which is a good indication of his batting prowess.

Antonetz, who is 21, stands six feet, three inches and tips the scales at 200 pounds. "Sounds like another Ernie Lombardi," a Freeman reporter said to Taylor. "Perhaps," Paul countered, "but this boy can really run those bases."

Meanwhile, Manager Scherger is still giving his Dodger hopefuls plenty of pre-game drills while awaiting the seasonal opener in Bloomingdale Thursday afternoon. The Dodgers will be idle Friday but will come back to Kingston to open the home season at the municipal stadium Saturday afternoon against the same Bloomingdale club. That tilt is scheduled 4 o'clock.

## Dodger Doings

In again out again—"Red" Gorsline is out again.

The 1946 pennant race showed the North Atlantic teams in the following order: Peekskill, Nazareth, Stroudsburg, Carbondale, Nyack, Bloomingdale, Mahanoy City, Walden.

All home games will start at 8 p. m. for the present, with the exception of the scheduled double-headers—Nyack, Sunday, May 4, and Peekskill, Sunday, May 18, which are scheduled for 2 p. m.

The first games of afternoon double-headers will be regulation nine-inning affairs, with the nightcap scheduled for seven innings. In the event of twilight-night double-headers, this procedure will be reversed, 7 and 9 p. m.

The North Atlantic League rule on players with previous experience in organized ball: Maximum of three Veterans; Maximum of three Limited Service Men; Minimum of six rookies.

Definitions—45 days under control of a club or clubs during any one championship season shall constitute one year of service.

Rookie—A player without one year service prior to the start of the current season.

Limited Service—A player who has not had, prior to the start of the current season, as much as three years of service (as much as 45 days in each of three years).

Veteran—All other players.

### Will Attend Dinner

Branch Rickey, Jr., general manager of the Brooklyn Dodger minor league chain, and Fresco Thompson will be in Kingston for the testimonial dinner for the Dodgers on Saturday, May 3, at The Barn. It was announced today by the Brooklyn management. The testimonial, sponsored by civic groups of Kingston, is open to the public and will start at 1 p. m.

### Bradley Will Coach

Oneonta, N. Y., April 30 (AP)—Harold L. Bradley, Norwich High School basketball coach for the past eight years, will become baseball coach at Hartwick College September 1. He will succeed Ward A. Merrill who remains as Hartwick athletic director and track coach. Bradley's Norwich teams won 100 of 133 games. He is an alumnus of Hartwick.

## In The Pocket

with CHARLIE TIANO

OF THIS AND DATA: You won't see a better pocket bowler than Irene Richards, the Nassau County and Journal-American singles champion, who comes to Kingston Saturday night with a 165-pin lead over Rose Schatzel for their final block of seven games in the 14-game \$200 match. . . . It was a delight to watch Mrs. Richards pound alleys 23 and 24 at Eddie Heinen's spacious Bowling Centre in Hempstead. . . . She hit alley 24 about 30 per cent of the frames. . . . The Nassau ace throws a heavy ball with plenty of turn and should give a good account of herself on alleys 5 and 6 at the Central. . . . Rose has a big job on her hands.

### FLOTSAM AND JETSAM

Middletown's bowling fans raving about Pete Perrino's 8-pin victory over Johnny Ferraro. . . . Pete regarded the victory as the top achievement of his 26-year career. . . . Ferraro staged a magnificent rally, with 710 in the last three sets after trailing by 151 pins. . . . Fans are still talking about the two "10-pin taps" Johnny drew in the 26th solo. . . . The match proved one thing—Ferraro would murder any Hudson Valley kegger in a home and home match. . . . Frank's Sport Shop softball club of Kingston shouldn't feel too badly about that no-hitter Bill Glutz, of West Point, hung on them Sunday in Highland Falls. . . . It's an old trick with Glutz, who opened the Eastern New York State Softball Tournament last August by hurling a no-hitter. . . . And Frank's won't find any tougher opponents than the Texacos.

Bob Cooke's quip in the Trib was a honey. . . . "Branch Rickey, Brooklyn president, is on a tour of his minor league farm system. . . . Hit network of minor league clubs has become so huge that he is expected back in Flatbush any time between now and Christmas." The \$64 question, of course, is will he make Kingston one of the stops in his itinerary? . . . Kingston Kiwanis will be represented in the Kiwanis Baseball Federation along with teams from Poughkeepsie, Beacon, Monticello, Calicoon, Middletown and possibly Newburgh. . . . Hilly City keggers registered high marks in the annual city tournament. . . . Wally Gerken posted 1926 all-events, just three pins under Johnny Ferraro's all-time high of 1929 set in 1942. . . . Gerken and Joe Cervoni broke a six-year record with a 1286 doubles blast. . . . The old mark of 1279 was set by Pat Tarsio and Jim Rogers in 1941. . . . Gerken and Cervoni also set a new record with a 485 game in the doubles.

Bill Whalen's Poughkeepsie Roe Movers are having more headaches than just trying to find a ball park. . . . Lou Sigloch, regular catcher, has joined the newly organized Rhinebeck club, while veteran Ernie Downer, a standout for several years, says he is fed up with traveling ball. . . . N.Y.M.A. trounced Kingston in tennis over the week-end, 4-1. . . . Ronnie Henriquez beat Johnny Halbert, of Kingston, 6-4, 6-2, while Dick Frank took Art DeKay, 6-2, 7-5. . . . Ray Sackett defeated Sid Boolukos in the other singles. . . . DeKay and Boolukos gave Kingston its lone victory in the doubles, 6-3, 6-2, over Lasher and Piedrahita. . . . Jimmy and Tommy DeCicco scored another hit in The Freeman bowling league banquet. . . . Best out-of-town publicity accorded Kaye Sportswear this season came from Ralph Fredericks of Port Jervis. . . . Nice to see Lou Bruhn, the D. A., making the bowling banquet circuit. . . . Bruhn was one of the G.E.'s the bowling gods forgot when he returned to his old home town.

OF SCRAMBLED EARS: Jimmy Grippo will surely knock himself out trying to lure Joe Louis into the same ring with Melio Bettina. . . . The Mad Magician of Jacobs Beach is at the count of nine right now. . . . His latest press release is an academic masterpiece predicting that the Brown Bomber will never again defend his title. . . . Let Grippo carry the ball from here on out: "I predicted months in advance that should Bruce Woodcock meet with defeat in the London bout with Joe Bakski, Joe Louis would not go through with a June title defense. . . . I now predict that Joe Louis will never defend his title again. . . . To back my prediction, I am ready to post a \$10,000 wager that Louis will never defend his title again. . . . That is, he won't unless Joe Bakski (the man with whom Louis actually pleaded to accept a championship bout) reverses his former decision and decides he is a worthy opponent after all. . . . If Joe Louis definitely feels he is ready for retirement, why doesn't he make his feelings public through a press release, instead of deluding the public with the fallacious allegation that there are no meritorious opponents available." Wanna bet that Grippo won't bet his crystal ball that Louis doesn't fight again?

New York (Sunnyside Gardens)—Paddy Demarco, 137½, Brooklyn, outpointed Patsy Giovannelli, 140½, New York, 8.

New York (Park Arena)—Joey Cardido, 139½, Youngstown, outpointed Pete Machio, 140½, Wilkes-Barre, 8.

## Schatzel-Richards to Bowl Saturday

Can Rose Schatzel overcome a 165-pin deficit when she meets Irene Richards, Nassau County and Journal-American singles champion, in the final block of their 14-game \$200 challenge match Saturday night at the Central Recs?

The correct answer, of course, is worth \$200 to the local dynamiter, who faces one of the greatest tests of her career against the Long Island star.

Mrs. Richards, who is generally regarded as one of the top women bowlers in the East, hammered out a 200 plus average in the opening block last Saturday night in Hempstead. She revealed excellent control and pocket-hitting ability and an uncanny ability to convert spares, committing only two errors in the seven games.

Mrs. Schatzel, who suffered a resounding defeat at the hands of Ann Karer, of Philadelphia, flashed good form against Richards, but was unable to stay with the Nassau ace who literally murdered her pet drives at Heinen's Bowling Centre. The local queen figures to approach par form on alleys 5 and 6.

Reserved seat orders are now being taken at the Central Recreation or from Mrs. Schatzel. Reservations can be made after 5 p. m.

## Castoffs Gain Vengeance Against Former Teammates

By JOE REICHLER

Associated Press Sports Editor

Castoffs Johnny Mize, Eddie Lake and Ed Stanky were licking their chops today following "vengeance victories" over their former bosses.

Mize, traded by the St. Louis Cardinals to the New York Giants in 1942, homered with two aboard in the third at the Polo Grounds yesterday to start the Giants to victory over his former mates. The slugging first baseman has made only eight hits this season, but seven of them have been home runs.

### Giants Vacate Cellar

Young Monte Kennedy went the route for the Giants, who vacated the National League cellar in favor of the world champion Redbirds. The Cards now have lost six straight, their longest losing streak in seven years.

Eddie Lake, the pint-sized Detroit shortstop who was obtained from the Boston Red Sox following the '45 season, banged three hits, including a triple, and scored

three runs to help the Tigers defeat his former mates 8-3 in Detroit. Lake slid home on a double steal and scored all the way from second on a caught foul fly.

Stanky, the firebrand Dodger second baseman who was shipped to Brooklyn by the Chicago Cubs in 1944, highlighted a seven-run inning with a two-run double to aid the Dodgers in a 10-6 victory over the Bruins at Ebbets Field. Stanky also singled and scored two runs. The victory increased the league-leading Dodgers' margin to two games over second-place Chicago.

Outfielder Hal Peck of Cleveland did his best to beat his former Philadelphia mates by belting a homer and single, scoring twice and driving in another run to account for all the Indians' tallies in Cleveland. But the Athletics, led by Heinie Majeski, former New York Yankee and Boston Brave, and George Binks, ex-Senator from Washington, eked out a 4-3 win.

Hank Cracks Third  
Other "discarded" gents who fared well yesterday included Hank Greenberg, celebrated Detroit castoff and Bob Elliott, Pittsburgh's gift to Boston.

Elliott hit three and scored once as southpaw Warren Spahn blanked the Cincinnati Reds 4-0. Bing Hamer hammered his third home run for his new Pittsburgh club, with one aboard, to feature a four-run third inning which gave the Pirates a 6-2 victory over the Phillies in Philadelphia. Two American League scheduled games between New York and St. Louis and Washington and Chicago were washed out.

# Dodgers Announce Starting Lineup for Thursday's Opener

## Two Players Given Releases; Catcher Added to Roster

Insisting that his choices were definitely of the tentative nature pending any last minute changes, Manager George "Sugar" Scherger has released his starting lineup for the Kingston Dodgers who will open the 1947 North Atlantic League baseball season Thursday night in Bloomingdale.

Scherger's choices were given to The Freeman sports department by Business Manager Paul Taylor who carried out the manager's insistence that the lineup was tentative.

**Corrigan Will Catch**

The Dodgers will open the campaign with Don Warfield on first, Manager Scherger at the bat, Steve Scherger, catcher, and "Knobby" Rosa at third and Johnny Surozyk at short. The pitcher line will be occupied by Jim Williams in left, either Jerry Graham or Bob Boynton in center and Jim Cahill in right. Tom Corrigan, Tulson youth who has played with the Kingston Regentons, will be the starter behind the plate. Scherger has listed either Tom Seddon or Cutler to do the hurling.

Taylor, in releasing the starters, said that the Dodger roster has now been pruned to 19 players on the actual playing roster with the release of two players and the suspension of three.

The Dodgers gave pink slips to Joe Havers, Poughkeepsie outfielder, and Dick Flynn, catcher from Montreal last night. Taylor also said that three Dodger players had been suspended due to their failure to report for training in Kingston.

**Sign New Catcher**

Taylor also announced this morning that Rudy Antonetz, big catcher, had been purchased from the Thompsonville, N. C. club. "This boy comes here with a fair recommendation," Paul commented today. "and I'm sure he'll help our club at lot."

The Dodger spokesman went on to add that Antonetz played 22 games with Glen in 1946 and had a batting average of .333. His runs-batted-in mark for the 22 games was 23 which is a good indication of his hitting prowess.

Antonetz, who is 21, stands six feet, three inches and tips the scales at 200 pounds. "Sounds like another Ernie Lombardi," a Freeman reporter said to Taylor. "Perhaps," Paul countered, "but this boy can really run those bases."

Meanwhile, Manager Scherger is still giving his Dodger hopefuls plenty of pre-game drills while awaiting the seasonal opener in Bloomingdale Thursday afternoon. The Dodgers will be idle Friday and will come back to Kingston to open the home season at the municipal stadium Saturday afternoon against the same Bloomingdale club. That tilt is scheduled 4 o'clock.

## Dodger Doings

In again out again—"Red" Goss-line is out again.

The 1946 pennant race showed the North Atlantic teams in the following order: Peekskill, Nazareth, Stroudsburg, Carbondale, Nyack, Bloomingdale, Mahanoy City, Wahlen.

All home games will start at 8 p. m. for the present, with the exception of the scheduled double-headers—Nyack, Sunday, May 4, and Peekskill, Sunday, May 18, which are scheduled for 2 p. m.

The first games of afternoon double-headers will be regulation nine-inning affairs, with the nightcap scheduled for seven innings. In the event of twilight-night double-headers, this procedure will be reversed, 7 and 9 p. m.

The North Atlantic League rule on players with previous experience in organized ball: Maximum of three Veterans; Maximum of three Limited Service Men; Minimum of six rookies.

**Definition—45 days under control of a club or clubs during any one championship season shall constitute one year of service.**

**Bookie—A player without one year service prior to the start of the current season.**

**Limited Service—A player who has not had, prior to the start of the current season, as much as three years of service (as much as 45 days in each of three years).**

**Veteran—All other players.**

**Will Attend Dinner**

Branch Rickey, Jr., general manager of the Brooklyn Dodger minor league chain, and Fresno Thompson will be in Kingston for the testimonial dinner for the Dodgers on Saturday, May 3, at The Barn. It was announced today by the Brooklyn management. The testimonial, sponsored by civic groups of Kingston, is open to the public and will start at 1 p. m.

## Bradley Will Coach

Oneonta, N. Y., April 30 (AP)—Harold L. Bradley, Norwich High School basketball coach for the past eight years, will become basketball coach at Hartwick College September 1. He will succeed Ward A. Merrill who remains as Hartwick athletic director and track coach. Bradley's Norwich teams won 100 of 133 games. He is an alumnus of Hartwick.

## In The Pocket

with CHARLIE TIANO

**OF THIS AND DATA:** You won't see a better pocket bowler than Irene Richards, the Nassau County and Journal-American sing champion, who comes to Kingston Saturday night with a 165-pin lead over Rose Schatzel for their final block of seven games in the 14-game \$200 match. . . . It was a delight to watch Mrs. Richards pour alleys 23 and 24 at Eddie Heinemann's spacious Bowling Centre in Hempstead. . . . She hit alley 24 about 80 per cent of the time. . . . The Nassau ace throws a heavy ball with plenty of turn and should give a good account of herself on alleys 5 and 6 at the Centrais. . . . Rose has a big job on her hands.

## FLOTSAM AND JETSAM

Middletown's bowling fans raving about Pete Perrino's 8-pin victory over Johnny Ferrara. . . . Pete regarded the victory as the top achievement of his 26-year career. . . . Ferrara staged a magnificent rally, with 749 in the last three sets after trailing by 151 pins. . . . Fans are still talking about the two "10-pin taps" Johnny drew in the 26th set. . . . The contest proved one thing—Ferrara would murder any Hudson Valley kiegler in a home and home match. . . . Frank's Sport Shop softball club of Kingston shouldn't feel too badly about that no-bitter Bill Glutz, of West Point, hung on them Sunday in Highland Falls. . . . It's an old trick with Glutz, who opened the Eastern New York State Softball Tournament last August by hurling a no-hitter. . . . And Frank's won't find any tougher opponents than the Texases.

Bob Cooke's quip in the Trib was a honey. . . . "Branch Rickey, Brooklyn president, is on a tour of his minor league farm system. . . . Hit network of minor league clubs has become so huge that he is expected back in Flatbush any time between now and Christmas." The \$64 question, of course, is will he make Kingston one of his stops in his itinerary? . . . Kingston Kiwanis will be represented in the Kiwanis Baseball Federation along with teams from Port Jervis, Beacon, Monticello, Calicoon, Middletown and possibly Newburgh. . . . Hilly City legions registered high marks in the annual city tournament. . . . Wally Geelen posted 1926 all-events, just three pins under Johnny Ferrara's all-time high of 1929 set in 1942. . . . Gerken and Joe Cervoni broke a six-year record with a 1286 double bust. . . . The old mark of 1279 was set by Pat Parsio and Jim Rogers in 1941. . . . Gerken and Cervoni also set a new record with a 485 game in the doubles.

Bill Whalen's Poughkeepsie Roe Movers are having more headaches than just trying to find a ball park. . . . Lou Sigloch, regular catcher, has joined the newly organized Blinckebach club, while veteran Ernie Downer, a stand-out for several years, says he is fed up with travelling ball. . . . N.Y.M.A. trounced Kingston in tennis over the week-end, 4-1. . . . Ronnie Henriquez beat Johnny Halbert, of Kingston, 6-4, 6-2, while Dick Frank took Art DeKay, 6-2, 7-5. . . . Ray Sackett defeated Sid Bookton in the other singles. . . . DeKay and Bookton gave Kingston its lone victory in the doubles, 6-3, 6-2, over Lasher and Piedrafitte. . . . Jimmy and Tommy DeCicco scored another hit in The Freeman bowling league banquet. . . . Best out-of-town publicity accorded Kaye Sportswair this season came from Ralph Fredericks of Port Jervis. . . . Nice to see Lou Bruhn, the D. A. making the bowling banquet circuit. . . . Bruhn was one of the G.I.'s the bowling gods forgot when he returned to his old home town.

**OF SCRAMBLED EARS:** Jimmy Grippo will surely knock him out trying to lure Joe Louis into the same ring with Melio Bett na. . . . The Mad Magician of Jacobs Beach is at the count of nine right now. . . . His latest press release is an academic masterpiece predicting that the Brown Bomber will never again defend his title. . . . Let Grippo carry the ball from here on out.

"I predicted months in advance that should Bruce Woodcock meet with defeat in the London bout with Joe Bakski, Joe Lou would not go through with a June title defense. . . . I now predict that Joe Louis will never defend his title again. . . . To back my prediction, I am ready to post a \$10,000 wager that Louis will never defend his title again. . . . That is, he won't unless Joe Bakski (the man with whom Louis actually pleaded to accept a championship bout) reverses his former decision and decides he is a worthy opponent after all. . . . If Joe Louis definitely feels he is ready for retirement, why doesn't he make his feelings public through a press release, instead of deluding the public with the fallacious allegation that there are no worthy opponents available." Wanna bet that Grippo won't bet his crystal ball that Louis doesn't fight again?

New York (Sunnyside Gardens)—Paddy Demareo, 137½, Brooklyn, outpointed Patsy Giovaneili, 140½, New York, 8.

New York (Park Arena)—Jey Canikido, 139½, Youngstown, outpointed Pete Machio, 141½, Wilkes-Barre, 8.

## Schatzel-Richards to Bowl Saturday

Can Rose Schatzel overcome a 165-pin deficit when she meets Irene Richards, Nassau County and Journal-American singles champion, in the final block of their 14-game \$200 challenge match Saturday night at the Central Bow?

The correct answer, of course, is worth \$200 to the local dynamiter, who faces one of the greatest tests of her career against the Long Island star.

Mrs. Richards, who is generally regarded as one of the top women bowlers in the East, hammered out a 200 plus average in the opening block last Saturday night in Hempstead. She revealed excellent control and pocket-hitting ability and an uncanny ability to convert spares, committing only two errors in the seven games.

Mrs. Schatzel, who suffered a resounding defeat at the hands of Ann Karrer, of Philadelphia, flashed good form against Richards, but was unable to stay with the Nassau ace who literally murdered her pet drives at Heinemann's Bowling Centre. The local queen figures to approach par form on alleys 5 and 6.

Reserved seat orders are now being taken at the Central Recreations or from Mrs. Schatzel. Reservations can be made after 5 p. m.

## Castoffs Gain Vengeance Against Former Teammates

By JOE REICHLER

Associated Press Sports Editor

Castoffs Johnny Mize, Eddie Lake and Ed Stanky were licking their chops today following "vengeance victories" over their former bosses.

Mize, traded by the St. Louis Cardinals to the New York Giants in 1942, homered with two aboard in the third at the Polo Grounds yesterday to start the Giants to victory over his former mates. The slugging first baseman has made only eight hits this season, but seven of them have been home runs.

## Giants Vacate Cellar

Young Monte Kennedy went the route for the Giants, who vacated the National League cellar in favor of the world champion Redbirds. The Cards now have lost six straight, their longest losing streak in seven years.

Eddie Lake, the pint-sized Detroit shortstop who was obtained from the Boston Red Sox following the '45 season, barked three hits, including a triple, and scored three runs to help the Tigers defeat his former mates 8-3 in Detroit. Lake slid home on a double stent and also scored all the way from second on a caught foul fly.

# Kayes Defeat Po'keepsie Stars by 99 Pins

## Local Keglerettes Bowl on Sunday In New York City

Getting in their final licks before meeting Tillie Taylor's All Stars in New York City Sunday afternoon, the fast-stepping Kaye Sportswear keglerettes swept over their 16th opponent of the 1946-47 tenpin season Tuesday night by defeating Peg Hegnauer's All Stars of Poughkeepsie by 99 pins at the Dutchess Recreation alleys.

Rose Schatzel emerged with the lone 500 series of the night with her 524 put together on games of 174, 190 and 160. Margie Jansen and Evelyn Moore followed with 484 and 473.

Eileen Nagengast, anchor for the Bridge City five, led her hopefuls with a 492 triple. She rammed home scores of 157, 168 and 167.

The Kaye Sportswear five will journey to the Riviera Recreation alleys in New York City Sunday afternoon to battle Tillie Taylor's All Stars in the second of a home and away series. Kayes downed the Gotham trundlers in the opening match at the Central Recreation lanes two weeks ago by firing a 2571 triple. The Stars smashed 2540.

## How to Report Athletic Contests

Baseball or softball scores will not be published unless submitted to the sports editor on regulation boxscore forms. In the absence of a boxscore, the report must show the score by innings, batteries, and highlights of the game.

A supply of boxscore sheets is available at The Freeman sports department. All scores must be delivered to the downtown office of The Freeman before 9 a. m. the day following the game.

## Perrino All Stars Bowl Jones Dairy Here Friday Night

Pete Perrino's All Stars of Middletown are scheduled to meet Jones Dairy No. 1, Hudson Valley League champions, Friday night at the Central Recs at 8:30 in a Cancer Fund match.

The principal attraction is Perrino, the doughy Middle ace, who defeated Johnny Ferraro by 8 pins in a sensational 10-game exhibition last week in Middletown.

Perrino will be surrounded by group of Middletown veterans including Emil Garbarino, Art Gunderson and Howard Leeson of the old State Hospital powerhouse and Po Biamonte. This squad will represent Middletown in the Hudson valley circuit next season.

Jones Dairy will be making its first appearance as a unit since it clinched the Hudson Valley League pennant. Members of the local squad include Johnny Ferraro, Harold Broskie, Bob Hanley, John Schatzel and Charlie Tiano.

## Nocando Keglers To Dine Thursday

Members of the Nocando Bowling League will hold their annual post-season banquet Thursday night at the Yacht Club on Abel street. Dinner will be served at 7:30 o'clock and a good turnout is anticipated.

The presentation of prizes will follow the dinner. Mayor William Edinmuth, Peter Kevanman and Addison Jones, former presidents of the Kingston Bowling Association, will be on hand as guest speakers.

## Robinson Cracks 593 in Booster

Elwood Robinson led the Carmichael Dairy trundlers to three straight wins over B'nai B'rith Tuesday night at the Central Recreation alleys with a 593 blast highlighted by his sizzling 247 game. Robbie opened with 134 and pounded his big game in the middle and then wound up with 212 for his pace-setting 593 series.

D. Keyser came up with the only 200 effort of the night with his 209 singleton for the Kingston Oil club. Keyser wound up his act with a 565 triple. Other noteworthy scores included Alberts with 197-537, Ed Wyant 198-526, H. Grube 196-526 and Amato 195-504.

Jersey City—Bernie Reynolds, 181, Cliffside Park, outpointed Kid Roscoe, 195½, Jersey City, 6.

Salem, Mass.—Al Smith, 129½, Boston, outpointed Leo Mucucci, 130, Portland, Me., 10.

Elizabeth, N. J.—Richie Orange, 140, New York, outpointed George Martin, 138½, New York, 8.

Akron, Ohio—Pat Comiskey, 215, Paterson, N. J., knocked out Cleo Everett, 216, New York, 6.

# Fans Await Brightwell's Return to Ring Thursday

Although Tony Barone tops the B'nai B'rith boxing card for Thursday at the municipal auditorium, in his bout with Lou Olmo, Golden Gloves welterweight champion from Valley Stream, L. I., many fans are looking for Jimmy Brightwell, Oklahoma cowboy, to steal the show.

JIM BRIGHTWELL

The western Golden Gloves champion was one of the sensations on the ring program at the Broadway Punch Bowl March 6, putting up a sizzling scrap with Al Hurlbut, Rome, N. Y. middleweight. Although he lost the fight, Brightwell won the admiration of the fans.

After the slashing duel that had the resin swirling from the canvas like dust behind a western stagecoach in the movies, Hurlbut told a reporter, "I won that one, but I thought it would be curtains for me until I landed that lucky one on Jimmy. He's one of the toughest boys I ever fought—and can he hit!"

## Was Pier Six Brawl

Fans who saw the Hurlbut-Brightwell match spoke of it as the best action scrap they'd seen since B'nai B'rith started promoting amateur shows a year ago. And, it was their opinion that Brightwell made it so by his willingness to mix it. Comments among the "Ringworms" indicates that the house will be packed to see him tomorrow night.

Brightwell is matched with Charlie Jones, a Golden Gloves champion in his own right, a slugger who has been forced out of the middleweight class into the light-heavyweight division many times in order to keep busy in the ring. "Jones loves to fight," said Charlie "Frenchy" Ledoux, his handler, the coach who introduced Lou Ambers to Kingston when the lightweight who became the "Herkimer Hurricane" was just starting his climb to the championship of the world.

## Trouble for Barone

Barone, the Schenectady brawler, a real local favorite, is bound to have a rough evening with Lou Olmo, Ben M. Becker, director of bouts openly, because the Valley Stream Golden Gloves titlist is a hard puncher, who holds a knockout over Albany's Eddie Morton.

Olmo flattened Morton in Poughkeepsie last week and there by won the shot at Barone, the upstart who missed becoming national champion by a hair when he met and lost to Jackie Keough of Cleveland in the Boston tournament.

In another five-rounder, Kingston's middleweight pride, Jerry Ausanio, who won his last fight by knockout, will tangle with another Ledoux-coached ring gladiator, Hubert Allison, who is expected to be a title-winner in the Golden Gloves next year.

The fourth fiver will pit Frankie Alvarez, Schenectady brawler, against Charlie Green of Valley Stream. Alvarez was a finalist in his class in the national tourney at Boston.

Indications are that tomorrow's card will be one of the best action attractions of any offered lately by B'nai B'rith.

Three prelims will make up the rest of the card, the first being scheduled to start at 9 o'clock.

## Match Is Postponed

Chicago, April 30 (AP)—The world's championship pocket billiards challenge match between Champion Irving Crane and Willie Mosconi, scheduled to open tomorrow in Perth Amboy, N. J., today was postponed a week because of Mosconi's illness. The Billiard Association of America, match sponsor, said Mosconi, suffering influenza, was ordered by his physician to rest a week before launching his 16-block match with Crane. Under the new schedule, the match will start May 8, with eight blocks being played at Perth Amboy, through May 11, and the remaining eight in Chicago, May 14-17, inclusive.

## Ruth Seems Better

New York, April 30 (AP)—Babe Ruth apparently has recovered from the effects of the excitement of Sunday's ceremonies at Yankee Stadium, where he was honored by major league baseball. The Babe, who caught a slight cold and ran a fever after the festivities, went out to the Bayside Country Club on Long Island yesterday for some golf and Mrs. Ruth reported his condition as good. The home run king's wife said her husband expected to meet tomorrow 13-year-old Danny Williams, Jackson, Miss., orphan who won an essay contest on "Why I'd Like to Visit Babe Ruth."

## Phalanx, Faultless Are Top Favorites In Kentucky Derby

By SID FEDER

Louisville, Ky., April 30 (AP)—All the icing is on the Kentucky Derby cake now, ready to be sliced up Saturday, and it's still Phalanx against Faultless. But most of the julep jawing today was around one of the Derby's oldest jinx, and whether Star Reward was the young fellow to laugh it off.

Faultless and Star Reward zipped under the wire only miles apart in the Derby trial mile yesterday—after "The Reward" was practically left at the post and came whooping up to second. This recalled the two hard luck stories—automobile-body builder Charlie Fisher from Detroit keeps right on trying but can't seem to make that necklace of roses and, the story about the winner of the trial never winning the Derby four days later.

This time, it could be different, what with Star Reward running at the first of those jinx stories, and Faultless having a go at the second.

Of course, besides these, there's something a lot tougher to handle on a race track, and that's the gentleman from Virginia, stretch-sizzling Phalanx.

The field is a sure 12 now, with a 13th starter possible. No. 13 would be Master Mind, a Virginia-bred galloper owned by Mrs. Isabel Dodge Sloane, who hit the jackpot with Cavalcade 13 years ago.

In the trial yesterday, Double Jay, Delaware restaurateur's shoe plate, stopped as if he'd run into Joe Louis' right hand and finished fifth, and Cosmic Bomb fizzled to third after fighting Faultless for the lead for a while.

Stepfather, the \$200,000 super-colossal from Hollywood, saved something from the recent wreckage by ambling in fourth—but still beaten six lengths. His longaching shoulder was stiff, but unless it gets worse, he'll be on hand Saturday.

But before the Derby, the big dogs were up there at the head end, where Faultless was just managing to hold off Star Reward.

Faultless could be plain Ben Jones' fourth Derby winner, thereby tying him with Derby Dick Thompson for the training honor. And Ben's training miracles should be enough to overcome the hoo-doo that has been riding the trial winner in the Derby these past ten years now, ever since this one-mile final preview was first thought up by Col. Matt Winn.

## West Pointer Hurls No-Hitter Against Frank's

West Point's Bill Gultz, long an outstanding pitcher in Hudson Valley softball circles, pitched a no-hit, no-run for Moe's Texacos of Newburgh against Frank's Sport Shop of Kingston in the first game of a doubleheader Sunday in Highland Falls.

Gultz faced only 22 batters in the seven-inning game. He retired the first 20 in order, but walked the 21st. He figured in 20 of the 21 putouts, fanning 17 batters, catching two pop-ups and tossing out a runner at first. The other out was a short fly to right field.

The Texacos collected seven hits off Al Hunt. The second game of the twin-bill was rained out in the second inning, after Frank's pushed over a run to tie the score at 1-1.

Written for NEA Service

During the war Col. Richmond

H. Skinner of Chestnut Hill, Mass.,

could be counted upon to send us

an interesting hand occasionally

from some corner of the world,

but since his return to civilian life,

I had not heard from him until

today's hand came along. When

he played the hand, the Colonel

got the ten of diamonds opening,

but he pointed out that his line of

play would work also with the

king of clubs opening.

The first trick is won with the

ace of clubs, the queen of hearts

is cashed and the spade finesse

taken. When the queen holds,

South cashes dummy's ace of

spades and ace and king of hearts,

discarding two clubs from his own

hand.

Now declarer leads dummy's

nine of hearts, which has been

established by the drop of the jack,

and the seven of clubs is discarded

from the closed hand. West

trumps with the king of spades,

then leads the queen of clubs.

South trumps this and leads a

small diamond.

East wins this with the ace of

diamonds and must lead either a

trump or a diamond. If he re-

turns a diamond, South wins, picks

up East's last trump with the jack

of spades, and cashes out the bal-

ance of the diamonds.

Colonel Skinner said that he

would not recommend the bidding

on this hand. I shall have to con-

cure with him on that, but when

you get into a game contract with

this type of bidding, there is quite

a "kick" in making it.

**Mrs. Weil Is President**

Utica, N. Y., April 30 (AP)—Mrs.

Irving Weil of Hempstead is the

new state president of the National

Conference of Jewish Women.

Other officers elected yesterday at

the close of a three-day session:

Mrs. Joseph Einhorn, Albany, vice

president; Mrs. Irving S. Sands,

Brooklyn, corresponding secretary;

Mrs. I. Lee Levy, New York city,

recording secretary; Mrs.

Harris G. Nathan, Utica, treas-

urer.

**PARCEL 13**

Property formerly owned by Dora

Palen, located on Flatbush Road, con-

sisting of four room house and about

2 1/2 acres of land on the State High-

way. Being the same premises heretofore

conveyed by Dora Palen to the

County Commissioner of Public Welfare

of Ulster County, by Deed dated

June 9th, 1937 and recorded in the

Ulster County Clerk's Office June 12th,

1937 in Book 585 of Deeds at page 459.

South Main Street, Ellenville, N. Y.,

**Lobel Says He**  
**Cashed \$170,000 in**  
**Linotype Checks**

New York, April 30 (AP)—Julius

Lobel, alias Jimmy Collins, testi-

fied in Kings County Court yester-

day that he cashed \$170,000 in

checks for William Arthur Nickel,

former bookkeeper for the Mer-

genthaler Linotype Co., and re-

ceived five per cent of the total

for doing so.

Lobel and Irving (Izzy the Eel)

Cohen are on trial on grand larceny

charges in connection with the

alleged \$750,000 swindle of the

Mergenthaler firm, in which

Nickel pleaded guilty.

Lobel testified that he did not

know the money was stolen from

the firm, and said he gave half of

his five per cent to Lewis S.

Ladas, former vice president of

the Hellenic Bank and Trust Co.,

where he cashed the checks.

Ladas had testified earlier that

he did not receive money from

Lobel for cashing checks.

Lobel said the checks were

drawn against the Mergenthaler

firm to the A. O. Schumacher

Company, a dummy firm, and that

Nickel told him the company

needed money obtained that way

to purchase materials above ceil-

ing prices. Nickel earlier had testi-

fied the dummy company billed

Mergenthaler for supplies never

received.

**A Busy Day for Firemen**

A series of grass and brush

fires and the inevitable trip to the

Sterling street dump kept the fire

department busy yesterday. After

extinguishing a fire that started

in a heap of sawdust in the

Sterling street dump about 1:15,

the firemen were called to 206

Flatbush avenue for a brush fire

at 6:50 p. m. At 12:45 a. m. today,

a brush fire was reported on Cedar

street, and two minutes later an

alarm was turned in for a log fire

in the rear of 172 Pearl street.

The firemen reported no serious

damage in any of the fires.

## Sergeant Carro Is Hurt Badly in Airplane Accident

Word was received today by Mr. and Mrs. James Carro, 395 Foxhall avenue, that their son, T/Sgt. James S. Carro of the United States Army, was critically injured in an aircraft accident Sunday. He is now a patient at the Barksdale Field Station Hospital in Louisiana. No other details were revealed.

T/Sgt. Carro was in service five years during World War 2 and spent two and a half years overseas in the China-Burma-India Theatre. He was discharged January 1946 but reenlisted June of the same year. He was stationed at Stewart Field in October of that year and was then sent to Barksdale Field.

those lines to be respected." Beirne said he has learned that a "membership revolt is brewing" in New York among the Independent unions over the \$4 a week settlement.

The Pennsylvania Bell Company said 70 per cent of the 6,000 maintenance workers had returned to work by 8 a. m. (EST) and "more are trickling back hourly." The settlement agreement was reached in the early morning hours.

Western Electric, which manufactures telephone equipment, is one of the many affiliates of the American Telephone & Telegraph Co.

The Labor Department announced that this affiliate and the Western Electric Employees' Association have cleared away all preliminaries and begun "negotiating on the issues."

**Wages Main Issue**  
Wages are the main issue—not only with this union but with all other affiliates of the National Federation.

Mayer predicted last night that company would make a wage offer today.

Until today no A. T. & T. Company had announced a wage offer except the Northwestern Bell Company, covering five states. It offered \$2.50 a week. Its employees turned it down.

Mayer said a Western Electric wage settlement "might conceivably prove to be a pattern" to end the whole strike.

With the walkout in its 24th day, these four sets of negotiations, sponsored by the Labor Department, were on tap here:

1. Between Western Electric and the Western Electric Employees' Association, involving the strike-bound Kearny plant and 20 smaller ones in the New York city area.

2. Between Western Electric and the Association of Communication Equipment Workers, composed of men who install big switchboards and other equipments.

3. Between the A. T. & T. Long Lines department and the American Union of Telephone Workers.

4. Between Southwestern Bell and the Southwestern Federation of Telephone Workers.

Mayer is counsel for the first three unions. Other negotiations are going on in various parts of the country.

## New Radios for Police Cars

Installation of new two-way radio sets in Kingston Police Department patrol cars is being discussed by Richard Jones, local technician, and Chief Ernest A. Boss, a radio expert himself. The modern radios will be a great improvement over

the time-worn sets that could not be replaced during the war. Although the old sets developed plenty of "bugs" while the service forces were demanding all the new equipment, Chief Boss kept the police equipment in repair with scarce parts. (Freeman Photo)

**Taxes 'Bad Medicine'**  
"The present tax system penalizes extra effort—removes the incentive for going the extra mile,"

Burgess told the 2,000 chamber delegates in a prepared address. "As a wartime measure high taxes could not be avoided. At time of peace and facing our present tasks they are bad medicine and ought to be reduced promptly. Small business would be perhaps the greatest beneficiary of lower surtaxes."

A budget of \$25,000,000,000 could be achieved for fiscal 1948 if fullest economy were practiced, said Fred R. Fairchild, political economist of Harvard University.

Seconding Burgess' tax views, Fairchild denounced "lavish" government spending which he said would cause a tax load next year nearly seven times greater than that of prewar 1940 and eventu-

ally "bring serious effects upon our economy."

Harry A. Bullis, president of General Mills, Inc., proposed keeping excise taxes "somewhere near" their wartime level; a cut in corporation taxes from 38 per cent to 33 1/3 per cent; and a top limit on individual income taxes of 66 per cent.

The chamber unanimously passed a resolution yesterday endorsing voluntary price cuts "where and when business costs permit."

"More goods for more people at lower prices is the American formula for prosperity," said the policy statement.

Henry Ford II, sole speaker at a dinner attended by nearly 2,000 delegates and their wives, asserted that business must take the leadership in trying to solve "problems like depression and unstable employment" because government historically has failed.

"Nations have turned to government controls and to dictatorships in a deliberate search for security, and all they have

## New Contract Announced

New York, April 30 (AP) — The United Steel Workers of America (U.S.W.A.) today announced it had executed a new contract with the Bethlehem Steel Co., which grants wage benefits in excess of 15 cents per hour. David J. McDonald, secretary-treasurer of the union, said the agreement is for a two-year period, with a wage reopening clause at the termination of one year, and that it followed the pattern set in the recent contract with United States Steel Corp.

"This is a significant step in the direction of a more equitable distribution of the fruits of our industrial progress," McDonald said.

The new contract with Bethlehem Steel Co. provides for a 15-cent per hour wage increase, plus a cost-of-living adjustment clause. It also includes provisions for a 10-day paid vacation for workers with 10 years of service, and a 15-day paid vacation for those with 20 years of service.
